

# The PNC Financial Services Group, Inc.

## Annual Meeting of Shareholders

April 28, 2015

# Cautionary Statement Regarding Forward-Looking Information and Adjusted Information

Our discussions at this annual meeting are not intended as a full business or financial review and should be viewed in the context of all of the information made available by PNC in its SEC filings and on its corporate website.

Our discussions may also contain forward-looking statements regarding our outlook for earnings, revenues, expenses, capital and liquidity levels and ratios, asset levels, asset quality, financial position, and other matters regarding or affecting PNC and its future business and operations. Forward-looking statements are necessarily subject to numerous assumptions, risks and uncertainties, which change over time. Any such forward-looking statements are qualified by the factors affecting forward-looking statements identified in the more detailed Cautionary Statement included in the Appendix and in our SEC filings. We provide greater detail regarding these as well as other factors in our 2014 Form 10-K and in our subsequent SEC filings. Our forward-looking statements may also be subject to other risks and uncertainties, including those we may discuss in this presentation or in our SEC filings. Future events or circumstances may change our outlook and may also affect the nature of the assumptions, risks and uncertainties to which our forward-looking statements are subject. Forward-looking statements in this presentation speak only as of the date of this presentation. We do not assume any duty and do not undertake to update those statements. Actual results or future events could differ, possibly materially, from those anticipated in forward-looking statements, as well as from historical performance.

In this presentation, we may sometimes include non-GAAP financial information. Non-GAAP financial information includes metrics such as pre-tax provision earnings, tangible book value, and taxable equivalent net interest income, as well as adjusted results and certain information used to review components of reported information. When we do so, we provide GAAP reconciliations for such information. Such reconciliations may be found in our presentation, in these slides, including the Appendix, in other materials on our corporate website, and in our SEC filings. This information supplements our results as reported in accordance with GAAP and should not be viewed in isolation from, or as a substitute for, our GAAP results. We believe that this information and the related reconciliations may be useful to investors, analysts, regulators and others to help understand and evaluate our financial results. We may also use annualized, pro forma, estimated or third party numbers for illustrative or comparative purposes only. These may not reflect actual results.

References to our corporate website are to [www.pnc.com](http://www.pnc.com) under "About Us – Investor Relations." Our SEC filings are available both on our corporate website and on the SEC's website at [www.sec.gov](http://www.sec.gov). We include web addresses here as inactive textual references only. Information on these websites is not part of this presentation.

# 2014 Achievements

## Highlights

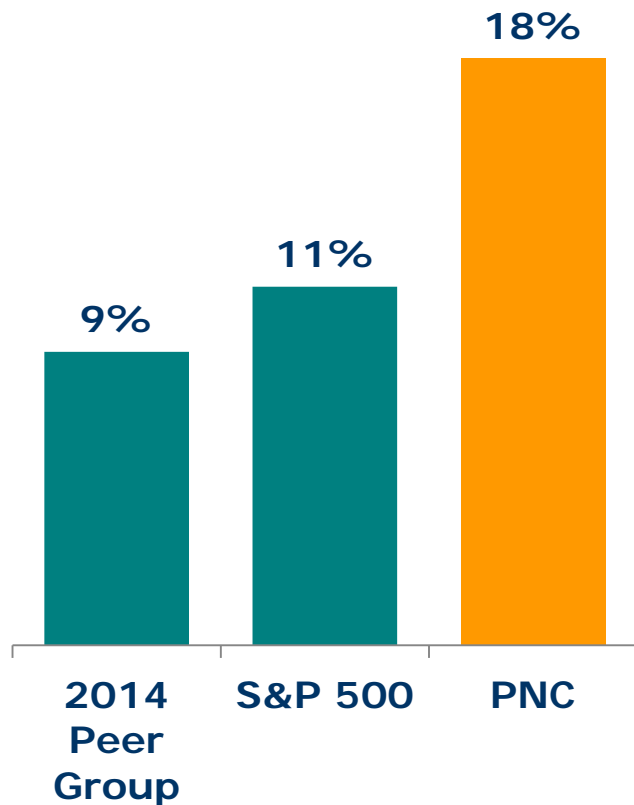

- ▶ Grew loans, deposits and fee income
- ▶ Well controlled expenses
- ▶ Capital and liquidity strengthened
- ▶ Continued progress on strategic priorities

2014 financial summary	Net income	Diluted EPS from net income	Return on average assets
	\$4.2 billion	\$7.30	1.28%

PNC is Well-Positioned to Continue to Create Shareholder Value

# Delivering Long-Term Value for Our Shareholders

## 2014 Stock Price Performance

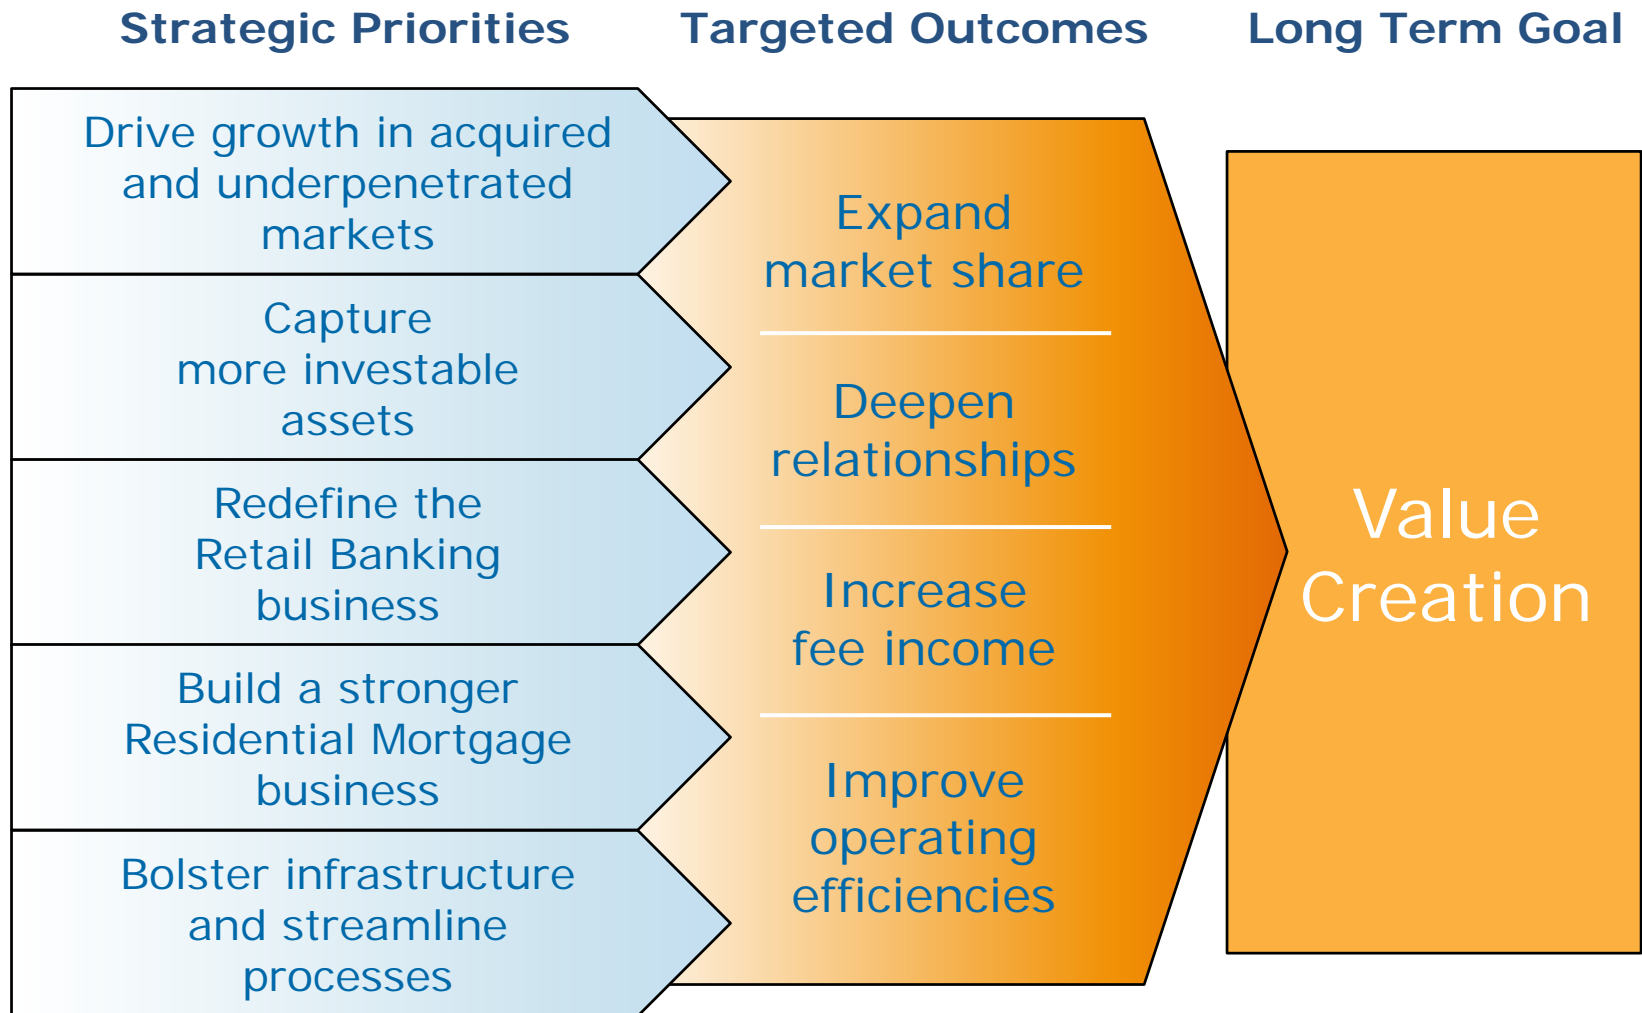

## Capital Actions

- ▶ Completed common stock repurchase program of 17.3 million shares for \$1.5 billion in first quarter 2015<sup>(1)</sup>
- ▶ Increased dividend by 6% to 51 cents per common share effective May 2015
- ▶ Announced new common stock repurchase program of up to \$2.875 billion beginning second quarter 2015<sup>(2)</sup>

(1) Repurchased under our 2014 capital plan authorization of up to \$1.5 billion of common stock for four quarter period 2Q14 through 1Q15.

(2) Through 2Q16, ability to purchase full amount is subject to factors such as market and general economic conditions, economic capital and regulatory capital conditions, alternative uses of capital, regulatory and contractual limitations, issuances related to employee benefit plans and the potential impact on credit ratings.

# Executing our Strategic Priorities

# Cautionary Statement Regarding Forward-Looking Information

Appendix

This presentation includes “snapshot” information about PNC used by way of illustration and is not intended as a full business or financial review. It should not be viewed in isolation but rather in the context of all of the information made available by PNC in its SEC filings.

We also make statements in this presentation, and we may from time to time make other statements, regarding our outlook for earnings, revenues, expenses, capital and liquidity levels and ratios, asset levels, asset quality, financial position, and other matters regarding or affecting PNC and its future business and operations that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act. Forward-looking statements are typically identified by words such as “believe,” “plan,” “expect,” “anticipate,” “see,” “look,” “intend,” “outlook,” “project,” “forecast,” “estimate,” “goal,” “will,” “should” and other similar words and expressions.

Forward-looking statements are subject to numerous assumptions, risks and uncertainties, which change over time. Forward-looking statements speak only as of the date made. We do not assume any duty and do not undertake to update forward-looking statements. Actual results or future events could differ, possibly materially, from those anticipated in forward-looking statements, as well as from historical performance.

Our forward-looking statements are subject to the following principal risks and uncertainties.

- Our businesses, financial results and balance sheet values are affected by business and economic conditions, including the following:
  - Changes in interest rates and valuations in debt, equity and other financial markets.
  - Disruptions in the U.S. and global financial markets.
  - The impact on financial markets and the economy of any changes in the credit ratings of U.S. Treasury obligations and other U.S. government-backed debt, as well as issues surrounding the levels of U.S. and European government debt and concerns regarding the creditworthiness of certain sovereign governments, supranationals and financial institutions in Europe.
  - Actions by the Federal Reserve, U.S. Treasury and other government agencies, including those that impact money supply and market interest rates.
  - Changes in customers’, suppliers’ and other counterparties’ performance and creditworthiness.
  - Slowing or reversal of the current U.S. economic expansion.
  - Continued residual effects of recessionary conditions and uneven spread of positive impacts of recovery on the economy and our counterparties, including adverse impacts on levels of unemployment, loan utilization rates, delinquencies, defaults and counterparty ability to meet credit and other obligations.
  - Changes in customer preferences and behavior, whether due to changing business and economic conditions, legislative and regulatory initiatives, or other factors.
- Our forward-looking financial statements are subject to the risk that economic and financial market conditions will be substantially different than we are currently expecting. These statements are based on our current view that the U.S. economic expansion will speed up to an above trend growth rate near 3.2 percent in 2015, boosted by lower oil/energy prices, and that short-term interest rates and bond yields will rise only slowly in the latter half of 2015. These forward-looking statements also do not, unless otherwise indicated, take into account the impact of potential legal and regulatory contingencies.

# Cautionary Statement Regarding Forward-Looking Information (continued)

Appendix

- PNC's ability to take certain capital actions, including paying dividends and any plans to increase common stock dividends, repurchase common stock under current or future programs, or issue or redeem preferred stock or other regulatory capital instruments, is subject to the review of such proposed actions by the Federal Reserve as part of PNC's comprehensive capital plan for the applicable period in connection with the regulators' Comprehensive Capital Analysis and Review (CCAR) process and to the acceptance of such capital plan and non-objection to such capital actions by the Federal Reserve.
- PNC's regulatory capital ratios in the future will depend on, among other things, the company's financial performance, the scope and terms of final capital regulations then in effect (particularly those implementing the Basel Capital Accords), and management actions affecting the composition of PNC's balance sheet. In addition, PNC's ability to determine, evaluate and forecast regulatory capital ratios, and to take actions (such as capital distributions) based on actual or forecasted capital ratios, will be dependent at least in part on the development, validation and regulatory approval of related models.
- Legal and regulatory developments could have an impact on our ability to operate our businesses, financial condition, results of operations, competitive position, reputation, or pursuit of attractive acquisition opportunities. Reputational impacts could affect matters such as business generation and retention, liquidity, funding, and ability to attract and retain management. These developments could include:
  - Changes resulting from legislative and regulatory reforms, including major reform of the regulatory oversight structure of the financial services industry and changes to laws and regulations involving tax, pension, bankruptcy, consumer protection, and other industry aspects, and changes in accounting policies and principles. We will be impacted by extensive reforms provided for in the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and otherwise growing out of the most recent financial crisis, the precise nature, extent and timing of which, and their impact on us, remains uncertain.
  - Changes to regulations governing bank capital and liquidity standards, including due to the Dodd-Frank Act and to Basel-related initiatives.
  - Unfavorable resolution of legal proceedings or other claims and regulatory and other governmental investigations or other inquiries. In addition to matters relating to PNC's current and historical business and activities, such matters may include proceedings, claims, investigations, or inquiries relating to pre-acquisition business and activities of acquired companies, such as National City. These matters may result in monetary judgments or settlements or other remedies, including fines, penalties, restitution or alterations in our business practices, and in additional expenses and collateral costs, and may cause reputational harm to PNC.
  - Results of the regulatory examination and supervision process, including our failure to satisfy requirements of agreements with governmental agencies.
  - Impact on business and operating results of any costs associated with obtaining rights in intellectual property claimed by others and of adequacy of our intellectual property protection in general.

# Cautionary Statement Regarding Forward-Looking Information (continued)

Appendix

- Business and operating results are affected by our ability to identify and effectively manage risks inherent in our businesses, including, where appropriate, through effective use of third-party insurance, derivatives, and capital management techniques, and to meet evolving regulatory capital and liquidity standards. In particular, our results currently depend on our ability to manage elevated levels of impaired assets.
- Business and operating results also include impacts relating to our equity interest in BlackRock, Inc. and rely to a significant extent on information provided to us by BlackRock. Risks and uncertainties that could affect BlackRock are discussed in more detail by BlackRock in its SEC filings.
- We grow our business in part by acquiring from time to time other financial services companies, financial services assets and related deposits and other liabilities. Acquisition risks and uncertainties include those presented by the nature of the business acquired, including in some cases those associated with our entry into new businesses or new geographic or other markets and risks resulting from our inexperience in those new areas, as well as risks and uncertainties related to the acquisition transactions themselves, regulatory issues, and the integration of the acquired businesses into PNC after closing.
- Competition can have an impact on customer acquisition, growth and retention and on credit spreads and product pricing, which can affect market share, deposits and revenues. Industry restructuring in the current environment could also impact our business and financial performance through changes in counterparty creditworthiness and performance and in the competitive and regulatory landscape. Our ability to anticipate and respond to technological changes can also impact our ability to respond to customer needs and meet competitive demands.
- Business and operating results can also be affected by widespread natural and other disasters, pandemics, dislocations, terrorist activities, cyberattacks or international hostilities through impacts on the economy and financial markets generally or on us or our counterparties specifically.

We provide greater detail regarding these as well as other factors in our 2014 Form 10-K, including in the Risk Factors and Risk Management sections and the Legal Proceedings and Commitments and Guarantees Notes of the Notes To Consolidated Financial Statements in that report, and in our subsequent SEC filings. Our forward-looking statements may also be subject to other risks and uncertainties, including those we may discuss elsewhere in this presentation or in our SEC filings, accessible on the SEC's website at [www.sec.gov](http://www.sec.gov) and on our corporate website at [www.pnc.com/secfilings](http://www.pnc.com/secfilings). We have included these web addresses as inactive textual references only. Information on these websites is not part of this document.

Any annualized, pro forma, estimated, third party or consensus numbers in this presentation are used for illustrative or comparative purposes only and may not reflect actual results. Any consensus earnings estimates are calculated based on the earnings projections made by analysts who cover that company. The analysts' opinions, estimates or forecasts (and therefore the consensus earnings estimates) are theirs alone, are not those of PNC or its management, and may not reflect PNC's or other company's actual or anticipated results.

# Non-GAAP to GAAP Reconciliation

## Appendix

### Tangible Book Value per Common Share

Tangible book value per common share is a non-GAAP financial measure and is calculated based on tangible common shareholders' equity divided by period-end common shares outstanding. We believe this non-GAAP financial measure serves as a useful tool to help evaluate the strength and discipline of a company's capital management strategies and as an additional, conservative measure of total company value.

<b><i>Tangible Book Value per Common Share Ratio</i></b>			% Change 12/31/14 vs. 12/31/13
<i>Dollars in millions, except per share data</i>	Dec. 31, 2014	Dec. 31, 2013	
Book value per common share (a)	\$ 77.61	\$ 72.07	8%
Tangible book value per common share			
Common shareholders' equity (a)	\$ 40,605	\$ 38,392	
Goodwill and Other Intangible Assets (b)	(9,595)	(9,654)	
Deferred tax liabilities on Goodwill and Other Intangible Assets (b)	320	333	
Tangible common shareholders' equity	\$ 31,330	\$ 29,071	
Period-end common shares outstanding (in millions)	523	533	
Tangible book value per common share (Non-GAAP)	\$ 59.88	\$ 54.57	10%

(a) Amounts for the 2013 period have been updated to reflect the first quarter 2014 adoption of Accounting Standards Update (ASU) 2014-01 related to investments in low income housing tax credits.

(b) Excludes the impact from mortgage servicing rights of \$1.4 billion at December 31, 2014 and \$1.6 billion at December 31, 2013.

# Non-GAAP to GAAP Reconciliation

Appendix

## Fee Income

<i>\$ in millions</i>	For the year ended		% change
	Dec. 31, 2014	Dec. 31, 2013	
Asset management	\$1,513	\$1,342	
Consumer services	\$1,254	\$1,253	
Corporate services	\$1,415	\$1,210	
Residential mortgage	\$618	\$871	
Service charges on deposits	<u>\$662</u>	<u>\$597</u>	
Total fee income	\$5,462	\$5,273	4%
Residential mortgage	\$618	\$871	
Fee income, adjusted for residential mortgage	\$4,844	\$4,402	10%
Net gains on sales of securities	\$4	\$99	
Net other-than-temporary impairments	(\$11)	(\$16)	
Other	<u>\$1,395</u>	<u>\$1,509</u>	
Total noninterest income, as reported	\$6,850	\$6,865	0%
