iAnthus Announces Execution of Support Agreement for a Recapitalization Transaction

NEW YORK and TORONTO, July 13, 2020 /PRNewswire/ - iAnthus Capital Holdings, Inc. ("iAnthus" or the "Company") (CSE: IAN) (OTCQX: ITHUF), which owns, operates, and partners with regulated cannabis operations across the United States, announced today that it has entered into a Restructuring Support Agreement (as defined below) with 100% of its Secured Lenders (as defined below) and over 91% of the Unsecured Debentureholders (as defined below) to effect a proposed recapitalization transaction (the "Recapitalization Transaction"), as well as provide Interim Financing (as defined below) of \$14 million.

The Recapitalization Transaction is expected to significantly reduce the Company's outstanding indebtedness and annual interest costs, improve its capital structure and liquidity, and result in an enhanced financial foundation for the Company. Assuming completion of the Recapitalization Transaction, the Company's pro forma outstanding indebtedness will be reduced from \$168.7 million (excluding fees and accrued and unpaid interest thereon) as at June 30, 2020 to \$101.4 million (excluding \$20 million of Preferred Equity (as defined in the schedule to this news release and more fully described below)).

Pursuant to the terms of the Restructuring Support Agreement, the Recapitalization Transaction will be implemented pursuant to arrangement proceedings commenced under the British Columbia *Business Corporations Act* ("BCBCA") or, only if necessary, the *Companies' Creditors Arrangement Act* ("CCAA"). The Recapitalization Transaction, if consummated, is expected to have the following key elements:

- The Secured Debentures (as defined below), after the completion of the Recapitalization Transaction, will be amended to (i) reduce the principal balance from \$97.5 million, plus accrued and unpaid interest and fees, to \$85 million, (ii) reduce the interest rate by 5% per annum; (iii) eliminate cash pay interest; (iv) extend the original maturity date by over four years and (v) remove the conversion feature;
- The \$60 million principal amount of Unsecured Debentures (as defined below), plus accrued and unpaid interest and fees, will be exchanged and no longer be outstanding;
- The Company will issue an aggregate of \$20 million of Preferred Equity to the Secured Lenders (\$5 million) and Unsecured Debentureholders (\$15 million) with a maturity date of five years and no cash pay dividends (or other form of consideration on substantially similar economic terms);
- The Secured Lenders, on the one hand, and the Unsecured Debentureholders, on the other hand, will each be issued an equal amount of common shares of the Company ("Common Shares") such that each will own 48.625% of the Common Shares upon completion of the Recapitalization Transaction (50% each if completed through CCAA Proceedings (as defined below)), allocated *pro rata* among the holders thereof in accordance with the principal amount of the applicable debt held by each such holder

prior to the closing time;

- Only if the Recapitalization Transaction is consummated through the Arrangement Proceedings (as defined below), the existing holders at the time of completion (the "Existing Shareholders") of Common Shares will retain 2.75% of the ownership of the Common Shares (the "Common Shareholder Interest"). If the Recapitalization Transaction is completed through CCAA Proceedings, the Existing Shareholders will not receive a recovery and the Common Shareholder Interest will instead be allocated equally as among the Secured Lenders and Unsecured Debentureholders;
- All existing options and warrants of the Company will be cancelled upon completion of the Recapitalization Transaction, and the Company anticipates allocating an amount of equity to be made available for management, employee, and director incentives; and
- Obligations to employees, customers and suppliers will not be affected by the Recapitalization Transaction and are expected to continue to be satisfied in the ordinary course.

Subject to compliance with the Restructuring Support Agreement, the Secured Lenders and Initial Consenting Unsecured Debentureholders (as defined below) will forbear from further exercising any rights or remedies in connection with any events of default of the Company now or hereafter occurring under their respective agreements and will stop any current or pending enforcement actions respecting same.

A more detailed summary of the key terms of the Recapitalization Transaction is attached as a schedule to this news release and the full text of the Restructuring Support Agreement will be made available on SEDAR.

All references to currency in this news release are in U.S. dollars.

In connection with the Recapitalization Transaction, the Company and certain of its subsidiaries (collectively, the "Subsidiaries") have entered into a restructuring support agreement (the "Restructuring Support Agreement") with all of the holders (the "Secured Lenders") of the 13% senior secured convertible debentures (the "Secured Debentures") issued by iAnthus Capital Management, LLC ("iAnthus SubCo"), the Company's U.S. wholly-owned subsidiary, and certain holders (the "Unsecured Debentureholders") of the 8% convertible unsecured debentures (the "Unsecured Debentures") issued by the Company and which hold in the aggregate over 91% of the principal amount of Unsecured Debentures (the "Initial Consenting Unsecured Debentureholders"). Pursuant to the Restructuring Support Agreement, the Secured Lenders and the Initial Consenting Unsecured Debentureholders have, among other things, agreed to support the Recapitalization Transaction and vote in favour of (i) the plan of arrangement (the "Plan of Arrangement") to be filed by the Company in connection with proceedings (the "Arrangement Proceedings") to be commenced under the BCBCA, or (ii) subject to the terms of the Restructuring Support Agreement, proceedings (the "CCAA Proceedings") commenced by the Company for approval of a plan of compromise and arrangement under the CCAA.

In connection with the Recapitalization Transaction, certain of the Secured Lenders have agreed to provide interim cash financing of \$14 million (the "Interim Financing") to iAnthus SubCo on substantially the same terms as the Restructured Senior Debt (as defined in the schedule to this news release), with a 5% original issue discount (i.e., the principal is to be grossed up to approximately \$14.7 million), which is expected to be funded to iAnthus SubCo within three business days of execution of the Restructuring Support Agreement. If

the Recapitalization Transaction is pursued pursuant to the CCAA Proceedings, up to an additional \$1 million of Interim Financing, or more, may be obtained from the Secured Lenders.

If the Recapitalization Transaction is implemented pursuant to the Arrangement Proceedings, upon closing of the Recapitalization Transaction, the Secured Lenders and the Unsecured Debentureholders are expected to hold an aggregate of 97.25% of the Common Shares then outstanding and the Existing Shareholders will collectively own 2.75% of the then outstanding Common Shares. However, if the Recapitalization Transaction is implemented pursuant to the CCAA Proceedings, upon consummation of the Recapitalization Transaction, the Secured Lenders and the Unsecured Debentureholders are expected to hold all of the Common Shares then outstanding and the Existing Shareholders would not receive any recovery.

As initially disclosed in the Company's news release dated April 6, 2020, iAnthus' special committee of the board of directors (the "Special Committee") initiated a Strategic Alternatives Review Process and hired Canaccord Genuity Corp. as its financial advisor. The Special Committee, supported by its legal and financial advisors, worked expeditiously to complete the review of a range of strategic alternatives. After an extensive review and consultation process with its legal and financial advisors, the Company's board of directors (the "Board") concluded that the Recapitalization Transaction represents the best available alternative to improve the Company's capital structure and to maximize and preserve value for the Company and its stakeholders.

"After an extensive review process, consultation with our financial and legal advisors and careful consideration of our available options, the Special Committee has recommended, and the Board has unanimously approved, the proposed Recapitalization Transaction," said Robert Whelan, Chair of the Special Committee. "We believe that the Recapitalization Transaction allows iAnthus to move forward with a stronger capital structure."

Commenting on the Recapitalization Transaction, Randy Maslow, President and Interim CEO stated, "The decline in the overall public equity cannabis markets that began in Q2 2019, coupled with the extraordinary market conditions that began in Q1 2020 due to COVID-19, have negatively impacted the financing markets and have caused significant liquidity constraints for the Company. The shared objectives of the Company and its creditors are to significantly reduce the outstanding indebtedness and annual interest costs, improve the Company's capital structure and liquidity, and provide a stable financial foundation for the Company to capitalize on its national licensure footprint and build-out our expanding business."

Completion of the Recapitalization Transaction through the Arrangement Proceedings will be subject to, among other things, requisite stakeholder approval of the Plan of Arrangement at meetings expected to be held in September 2020, such other approvals as may be required by the Supreme Court of British Columbia (the "Court"), approval of the Plan of Arrangement by the Court and the receipt of all necessary regulatory and stock exchange approvals (collectively, the "Requisite Approvals"). If the Requisite Approvals are obtained, the Plan of Arrangement will bind all Secured Lenders, Unsecured Debentureholders and Existing Shareholders.

Certain of the Secured Lenders (funds affiliated with Gotham Green Partners, LLC

("Gotham")) may be considered "related parties" as such term is defined in Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* ("MI 61-101"). Accordingly, the Interim Financing with the Secured Lenders and the Recapitalization Transaction may be "related party transactions" as defined in MI 61-101. The Company will rely on the exemption from the formal valuation requirement at section 5.5(b) of MI 61-101 (Issuer Not Listed on Specified Markets) in respect of the Interim Financing and the Recapitalization Transaction, and the exemption from minority approval requirement at Section 5.7(e) of MI 61-101 (Financial Hardship) in respect of the Interim Financing. The Company's decision to rely on the financial hardship exemption was made upon the recommendation of the Special Committee, all of whose members are independent directors free from interest in the Interim Financing and unrelated to the parties involved in such transaction. The Company did not file a material change report 21 days prior to the expected closing of the Interim Financing as the structure of the transaction and details of the participation of the Secured Lenders had not been confirmed at that time. Due to the Company's liquidity constraints, the Board believes it is reasonable and necessary in the circumstances to complete the Interim Financing and the Recapitalization Transaction within the available financing windows.

Financial Statements Update

Further to the Company's news release dated June 17, 2020, iAnthus did not file the following continuous disclosure documents (collectively, the "Required Filings") prior to the filing deadline on June 15, 2020:

- a. audited annual financial statements for the year ended December 31, 2019;

The CTO affects trading in all securities of the Company by securityholders of the Company, in each jurisdiction in Canada in which the Company is a reporting issuer and will remain in effect until such time as the Company has made the Required Filings. If the Required Filings are made within 90 days of the date of the CTO, such filings would constitute the Company's application to have the CTO revoked. The Company expects to file the Required Filings on or before the 90-day deadline.
