## **iAnthus Provides Update on Timing of Second Quarter Interim Financial Statements and MD&A**

NEW YORK, NY and TORONTO, ON – September 11, 2020 –iAnthus Capital Holdings, Inc. (“iAnthus” or the “Company”) (CSE: IAN, OTCQX: ITHUF), which owns, operates, and partners with regulated cannabis operations across the United States, previously announced on August 14, 2020 that it intends to file its interim financial statements and accompanying management's discussion and analysis for the three and six-months ended June 30, 2020 (collectively, the "Interim Filings") on or before October 15, 2020.

In response to the COVID-19 pandemic, the Ontario Securities Commission (the “OSC”) and other securities regulatory authorities in Canada have granted coordinated blanket exemptions allowing issuers an additional 45-day period to complete their regulatory filings that were otherwise due by August 31, 2020. The Company will be relying on the temporary exemption pursuant to OSC Instrument 51-505 in respect of the following filing requirements:

- the requirement to file interim financial statements for the three and six-month period ended June 30, 2020 (the “Interim Financial Statements”) within 60 days of the Company's second quarter, as required by Section 4.4(b) of NI 51-102;
- the requirement to file management's discussion and analysis for the period covered by the Interim Financial Statements within 60 days of the Company's second quarter, as required by Section 5.1(2) of NI 51-102.

In addition, the Company intends to rely on the temporary exemption to extend the date by which it must, under applicable securities laws, deliver interim financial statements and management's discussion and analysis, including the Interim Filings, as required by Sections 4.6(3) and (5) and Sections 5.6(1) and (3) of NI 51-102.

Until the Company has filed and announced the required Interim Filings, members of management and other insiders are subject to an insider trading black-out policy that reflects the principals in section 9 of National Policy 11-207 Failure to File Cease Trade Orders and Revocations in Multiple Jurisdictions. The Company confirms that there have been no material business developments, other than as disclosed through news releases, since August 14, 2020, being the date that the last interim financial reports that were filed. For recent business developments related to: (i) revocation of the Company's cease trade order, see the Company's news release dated August 17, 2020, (ii) the mailing of the information circular in connection with the recapitalization transaction, see the Company's news release dated August 18, 2020, and (iii) the Company's corrections of inaccurate and misleading statements purported by shareholder groups, see the Company's new release dated August 28, 2020. ## **COVID-19 Risk Factor**

The Company may be impacted by business interruptions resulting from pandemics and public health emergencies, including those related to COVID-19. An outbreak of infectious disease, a pandemic, or a similar public health threat, such as the recent outbreak of COVID-19, or a fear of any of the foregoing could adversely impact the Company by causing operating, manufacturing, supply chain, and project development delays and disruptions, labor shortages, travel, and shipping disruption and shutdowns (including as a result of government regulation and prevention measures). It is unknown whether and how the Company may be affected if such a pandemic persists for an extended period of time, including as a result of the waiver of regulatory requirements or the implementation of emergency regulations to which the Company is subject. Although the Company has been deemed essential and/or has been permitted to continue operating its facilities in the states in which it cultivates, processes, manufactures, and sells cannabis during the pendency of the COVID-19 pandemic, there is no assurance that the Company's operations will continue to be deemed essential and/or will continue to be permitted to operate. The Company may incur expenses or delays relating to such events outside of its control, which could have a material adverse impact on its business, operating results, financial condition, and the trading price of the Company's common shares.
