Pasithea Therapeutics Announces Closing of \$5 Million Public Offering

Additional Gross Proceeds of Approximately \$1.3 Million Received Upon Exercise of Certain Warrants Issued in the Public Offering

MIAMI, May 07, 2025 (GLOBE NEWSWIRE) -- Pasithea Therapeutics, Corp. ("Pasithea," or the "Company") (Nasdaq: KTTA; KTTAW), a clinical-stage biotechnology company developing PAS-004, a next-generation macrocyclic MEK inhibitor, for the treatment of neurofibromatosis type 1 (NF1) and other cancer indications, today announced the closing of its previously announced public offering of 3,571,428 shares of its common stock (or pre-funded warrants in lieu thereof) and accompanying Series C warrants to purchase up to 3,571,428 shares of common stock and Series D warrants to purchase up to 3,571,428 shares of common stock, at a combined offering price of \$1.40 per share of common stock (or per pre-funded warrant in lieu thereof) and accompanying warrants.

The Series C warrants have an exercise price of \$1.40 per share, are exercisable upon issuance and will expire five years thereafter. The Series D warrants have an exercise price of \$1.40 per share, are exercisable upon issuance and will expire 18 months thereafter. Simultaneously with the closing of the offering, certain investors exercised Series D warrants to purchase an aggregate of 914,286 shares of common stock, resulting in additional gross proceeds to the Company of approximately \$1.3 million.

H.C. Wainwright & Co. acted as the exclusive placement agent for the offering.

Total gross proceeds to the Company from the offering were \$5.0 million, before deducting the placement agent's fees and other offering expenses payable by the Company. The aggregate gross proceeds from the offering and the exercise of the Series D warrants were approximately \$6.3 million. The Company intends to use the total net proceeds received from the offering for general corporate purposes, which includes, without limitation, ongoing research and pre-clinical studies, clinical trials, the development of new biological and pharmaceutical technologies, investing in or acquiring companies that are synergistic with or complementary to the Company's technologies, licensing activities related to its current and future product candidates, and to the development of emerging technologies, investing in or acquiring companies that are developing emerging technologies, licensing activities, or the acquisition of other businesses and working capital.

Forward Looking Statements

This press release contains statements that constitute “forward-looking statements” made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include statements regarding the use of proceeds from the offering, the timing of receipt of NF1 clinical data, the Company’s ongoing Phase 1 clinical trial and the safety, tolerability, pharmacokinetic (PK), pharmacodynamics (PD) and preliminary efficacy of PAS-004, as well as all other statements, other than statements of historical fact, regarding the Company’s current views and assumptions with respect to future events regarding its business, as well as other statements with respect to the Company’s plans, assumptions, expectations, beliefs and objectives, the success of the Company’s current and future business strategies, product development, preclinical studies, clinical studies, clinical and regulatory timelines, market opportunity, competitive position, business strategies, potential growth opportunities and other statements that are predictive in nature. Forward-looking statements are subject to numerous conditions, many of which are beyond the control of the Company. While the Company believes these forward-looking statements are reasonable, undue reliance should not be placed on any such forward-looking statements, which are based on information available to the Company on the date of this release. These forward-looking statements are based upon current estimates and assumptions and are subject to various risks and uncertainties, including risks that future clinical trial results may not match results observed to date, may be negative or ambiguous, or may not reach the level of statistical significance required for regulatory approval, as well as other factors set forth in the Company’s most recent Annual Report on Form 10-K, Quarterly Report on Form 10-Q and other filings made with the U.S. Securities and Exchange Commission (SEC). Thus, actual results could be materially different. The Company undertakes no obligation to update these statements whether as a result of new information, future events or otherwise, after the date of this release, except as required by law.
