Stratasys to Present at the Annual Needham & Company Growth Stock Conference

MINNEAPOLIS--(BUSINESS WIRE)-- Stratasys, Inc. (Nasdaq: SSYS) today announced that Scott Crump, CEO will present at the Annual Needham & Company Growth Stock Conference on January 14, 2010 at 10:40 a.m. ET. This event will be held at the New York Palace Hotel in New York City.

A live webcast of the presentation will be available by accessing the Investor Relations section of the Stratasys website or at <http://www.wsw.com/webcast/needham35/ssys/>.

Stratasys, Inc., Minneapolis, manufactures additive fabrication machines for prototyping and manufacturing plastic parts. The company also operates a service for part prototyping and production. According to Wohlers Report 2009, Stratasys supplied 43 percent of all additive fabrication systems installed worldwide in 2008, making it the unit market leader for the seventh consecutive year. Stratasys patented and owns the process known as FDM.^(R) The process creates functional prototypes and end-use parts directly from any 3D CAD program, using high-performance industrial thermoplastics. The company holds more than 250 granted or pending additive fabrication patents globally. Stratasys products are used in the aerospace, defense, automotive, medical, business and industrial equipment, education, architecture, and consumer-product industries. Online at: www.Stratasys.com.

This release is also available on the Stratasys Web site at www.Stratasys.com.
