Credit Plus, Inc. Now Offering Online and Manual Employment Verifications

Ensures Compliance With Fannie Mae LQI Requirements and Ability-to-Repay and Qualified Mortgage Standards

SALISBURY, Md., Sept. 27, 2013 (GLOBE NEWSWIRE) -- Credit Plus, a leader in the credit information industry since 1928, today announced that the company is now a certified reseller of Equifax Verification Services offering online employment verifications from The Work Number® database.

The Work Number is the most comprehensive employment and income database in the nation.

The database includes 226 million total records and nearly 54 million current employment records contributed by over 2,500 employers nationwide. The information is updated every payroll cycle; so the most up-to-date information is constantly available. Credit Plus can manually verify employment within one to three business days for applicants not included in The Work Number database.

"We make employment verifications easy and offer lenders an auditable process that ensures they are getting data they can trust," said Greg Holmes, National Director of Sales and Marketing at Credit Plus.

"Lenders today operate in an environment of heightened regulation making the need to have reliable verification processes from a credentialed source more important than ever," said Michael Kuentz, Equifax Verification Services Leader. "As a reseller of The Work Number, Credit Plus is well positioned to deliver an unparalleled level of efficiency, and documentation to lenders to help them better manage risk and meet regulatory demands."

For more information about employment verification from Credit Plus, visit www.creditplus.com/employmentverification, call (800) 258-3488 or e-mail beyondbundled@creditplus.com.
