SCOTTSDALE, Ariz., March 07, 2019 (GLOBE NEWSWIRE) -- The Joint Corp. (NASDAQ: JYNT), a national operator, manager and franchisor of chiropractic clinics, reported financial results for the fourth quarter and full year ended December 31, 2018.

Fourth Quarter Highlights: 2018 Compared to 2017

- Increased gross system-wide sales 29%, to \$46.5 million.
- Grew system-wide comp sales¹ 24%.
- Reported quarterly net income for the first time of \$835,000, an improvement of \$1.0 million.
- Grew Adjusted EBITDA 264%, to \$1.5 million.

2018 Financial Highlights

- Increased annual gross system-wide sales 30%, to \$165.1 million.
- Posted annual net income for the first time at \$253,000, improving \$3.7 million from 2017.
- Achieved positive Adjusted EBITDA for the sixth consecutive quarter and first full year since being public.
- More than doubled unrestricted cash to \$8.7 million at December 31, 2018.

Recent Operating Achievements

- Increased the number of adjustments in 2018 by over one million to 6.0 million.
- Sold 39 franchise licenses in the fourth quarter of 2018, increasing the total to 99 in 2018, compared to 37 sold in 2017.
- Increased total clinic count to 442 as of December 31, 2018: 394 franchised and 48 company-owned or managed clinics.
 - Opened 22 clinics and closed two franchised clinics in the fourth quarter of 2018.
 - Opened 47 clinics, acquired one from a franchisee and closed four franchised clinics for the full year 2018.
- Opened two greenfield clinics in 2019 – the first new company-managed clinics since 2016.

¹ Comp sales refers to the amount of sales a clinic generates in the most recent accounting period, compared to sales in the comparable period of the prior year, and (i) includes sales only from clinics that have been open at least 13 full months and (ii) excludes any clinics that have closed.

“Building upon the foundation we laid out over the past two years, we will continue to accelerate franchise sales, further leverage our regional developer (RD) strategy, and step up the expansion of our corporate clinic portfolio within clustered locations -- including opening greenfield clinics -- thereby increasing our momentum going into the next year and beyond,” said Peter D. Holt, President and Chief Executive Officer of The Joint Corp. “In the fourth quarter of 2018, we opened 22 franchised clinics, which is the most in any quarter in our history since going public. In 2018, the power of our RD program almost tripled franchise license sales, which approached 100. Strong clinic performance enhanced by innovative marketing increased our annual gross system-wide sales to \$165.1 million, up 30%, and system-wide comp sales up 25%, compared to 2017.

Additionally, improved operational excellence continued to reduce clinic estimated time-to-breakeven to an average of nine months in 2017 and an average of six months in 2018, down considerably from the historical average of 18 to 24 months.

“Our market opportunity is expanding due to rising adoption of chiropractic care and the increasing need for drug-free solutions to the opioid, obesity and pain epidemics. Our concierge model that provides greater accessibility, simplicity and affordability is resonating with the market. In fact, our most recent survey indicates 26% of The Joint’s patients are new to chiropractic care, increasing from 13% in 2013. In 2018, we saw 434,000 new patients, an increase of 25% over 2017. We expect to accelerate this growth momentum in 2019,” concluded Holt.

Fourth Quarter Financial Results: 2018 Compared to 2017

Revenue was \$9.1 million in the fourth quarter of 2018, compared to \$6.9 million in the fourth quarter of 2017, due primarily to a greater number of franchised clinics and increased gross sales at franchised and company-owned or managed clinics reflecting improved marketing and increased adoption of chiropractic care.

Cost of revenue was \$1.2 million, up 30% compared to the fourth quarter of 2017, reflecting the success of the RD program resulting in an increased number of franchised locations opened and higher commissions and royalties.

Selling and marketing expenses were \$1.2 million, or 14% of revenue, compared to \$1.3 million, or 19% of revenue, in the fourth quarter of 2017, reflecting increased leverage of marketing expenses related to an increase in the number of company-owned or managed clinics. General and administrative expenses were \$5.3 million, or 59% of revenue, compared to \$4.4 million, or 64% of revenue, in the fourth quarter of 2017.

Net income was \$835,000, or \$0.06 per diluted share, compared to a net loss of \$(213,000), or \$(0.02) per share, in the fourth quarter of 2017.

Adjusted EBITDA was \$1.5 million, an improvement of \$1.1 million compared to Adjusted EBITDA of \$404,000 in the same quarter last year. The company defines Adjusted EBITDA, a non-GAAP measure, as EBITDA before acquisition-related expenses, bargain

purchase gain, loss on disposition or impairment, and stock-based compensation expenses. The company defines EBITDA as net income/(loss) before net interest, tax expense, depreciation, and amortization expenses.

Balance Sheet Liquidity

Unrestricted cash was \$8.7 million at December 31, 2018, compared to \$4.2 million at December 31, 2017, increasing primarily from cash flow from operations due to increased net income, greater franchise license sales and additional RD territory sales. Pursuant to the terms of the company's credit agreement, during the first quarter of 2017, the company borrowed a required \$1.0 million on its line of credit, which remains unused as part of cash on the balance sheet as of December 31, 2018.

Full Year Financial Results: 2018 Compared to 2017

Revenues were \$31.8 million in 2018, compared to \$24.9 million in 2017.

Net income improved \$3.6 million to \$253,000 in 2018, or to \$0.02 per diluted share, compared to a net loss of \$(3.4) million in 2017, or \$(0.26) per share in 2017. Adjusted EBITDA was \$3.0 million, improving \$3.3 million compared to Adjusted EBITDA loss of \$(275,000) last year.

2019 Guidance for Financial Results and Clinic Openings:

Management expects the following:

- Revenue to increase 26% to 32%, compared to \$31.8 million dollars in 2018;
- Adjusted EBITDA to grow 67% to 100%, compared to \$3.0 million in 2018
- Franchised clinic openings to range from 70 to 80
- Company-owned or managed clinic expansion, through a combination of both greenfields and buybacks, to range from 8 to 12

The passcode for the replay is 7186318.

Non-GAAP Financial Information

This earnings release includes a presentation of EBITDA and Adjusted EBITDA, which are non-GAAP financial measures. These are presented because they are important measures used by management to assess financial performance, as management believes they provide a more transparent view of the company's underlying operating performance and operating trends. Reconciliation of net income (loss) to EBITDA and Adjusted EBITDA is presented in the table below. The company defines Adjusted EBITDA as EBITDA before acquisition-related expenses, bargain purchase gain, loss on disposition or impairment, and stock-based compensation expenses. The company defines EBITDA as net income/(loss) before net interest, tax expense, depreciation, and

amortization expenses.

EBITDA and Adjusted EBITDA do not represent and should not be considered alternatives to net income or cash flows from operations, as determined by accounting principles generally accepted in the United States, or GAAP. While EBITDA and Adjusted EBITDA are used as measures of financial performance and the ability to meet debt service requirements, they are not necessarily comparable to other similarly titled captions of other companies due to potential inconsistencies in the methods of calculation. EBITDA and Adjusted EBITDA should be reviewed in conjunction with the company's financial statements filed with the United States Securities and Exchange Commission ("SEC").

Forward-Looking Statements

This press release contains statements about future events and expectations that constitute forward-looking statements. Forward-looking statements are based on our beliefs, assumptions and expectations of industry trends, our future financial and operating performance and our growth plans, taking into account the information currently available to us. These statements are not statements of historical fact. Forward-looking statements involve risks and uncertainties that may cause our actual results to differ materially from the expectations of future results we express or imply in any forward-looking statements, and you should not place undue reliance on such statements. Factors that could contribute to these differences include, but are not limited to, our failure to develop or acquire company-owned or managed clinics as rapidly as we intend, our failure to profitably operate company-owned or managed clinics, and the factors described in "Risk Factors" in our Annual Report on Form 10-K as filed with the SEC for the year ended December 31, 2017.
