

Rand Capital Announces Third Quarter 2018 Results

- ***Net Asset Value per share was \$4.84 at September 30***
- ***Several portfolio companies on pace for significant revenue growth***

BUFFALO, N.Y.--(BUSINESS WIRE)-- [Rand Capital Corporation](#) (Nasdaq: RAND) ("Rand"), a venture capital company which invests in growth businesses with unique product, service or technology concepts, announced its results for the quarter and nine months ended September 30, 2018.

Allen F. ("Pete") Grum, President and Chief Executive Officer of Rand Capital, commented, "During the third quarter we invested \$140,000 in a convertible secured note supporting BeetNPath's ongoing growth. As we previously reported, earlier this year the company updated its brand look and feel, and introduced new packaging for its frozen entrée product line."

Third Quarter 2018 Financial Highlights

- Reported \$4.84 net asset value (NAV) per share at September 30, 2018, compared with \$4.87 at June 30, 2018. The decrease was primarily due to a realized loss upon the sale of a portfolio company, partially offset by a tax benefit.
- Supported an existing portfolio company, BeetNPath, LLC, by investing \$140,000 during the quarter.
- Investment income increased 66% and 34% over the prior-year third quarter and nine month periods, respectively, driven by nonrecurring loan restructuring income in the third quarter.
- At September 30, 2018, portfolio fair value was \$32.2 million and consolidated cash was \$4.4 million.

Total investment income in the third quarter of 2018 grew to \$662,000, up from \$397,000 in the third quarter of 2017. The \$265,000 increase included approximately \$233,000 of nonrecurring interest and debt modification fee income upon a portfolio company loan restructuring. The remaining \$32,000 increase represented an 8% increase over the third quarter of 2017. Total expenses in the 2018 and 2017 third quarters were \$448,000 and \$439,000, respectively. The 2% increase is primarily due to higher professional fees, partially offset by a bad debt recovery.

Total investment income was \$1.4 million and \$1.1 million for the first nine months ended September 30, 2018 and 2017, respectively. The growth was driven by the loan restructuring income noted above as well as the Company's investment focus on income-generating

instruments. Total expenses for the first nine months of 2018 and 2017 were \$1.5 million and \$1.6 million, respectively.

Selected Portfolio Highlights

- [Genicon, Inc.](#) is recognized as an emerging leader in the design, production, and distribution of patented surgical instrumentation focused exclusively on laparoscopic surgery. The company reports increasing market penetration, with revenue up 38% over the prior year. Recent new contract wins or expansions from [HealthTrust Purchase Group](#), [Vizient](#), and Germany-based [Helios](#) are expected to lead to further revenue and profit growth. Additionally, six new inventions, as well as registration and market approval in Saudi Arabia, are expected to be catalysts for further global market acceptance of Genicon's growing product offering. At September 30, 2018, Genicon was Rand's highest valued investment, at approximately \$4.2 million.
- [Tilson Technology Management, Inc.](#) provides network deployment and information system professional services to telecom, construction, utility and government clients, and successfully executes complex and challenging projects worldwide. Tilson was recently ranked eight consecutive years on the [Inc. 5000](#) list, the most prestigious ranking of the fastest-growing private companies in the U.S. Only a fraction of companies on the list have ranked more than once, and less than 2% have made the list eight or more times, according to Inc. Media. Additionally, Tilson projects 2018 revenue growth of over 50%, and a similar trajectory in 2019. The company's ongoing growth is being driven by its differentiated capability to lead technology advancement in support of expanding 5G infrastructure deployment. At September 30, 2018, Rand's investment in Tilson was valued at \$2.5 million.
- [GiveGab, Inc.](#) is the Nonprofit Giving Platform, providing a quick and easy way for fundraising professionals to raise money online. Synergies from GiveGab's acquisition of Kimbia earlier this year include adopting the best practices and platforms of each company to drive the growth of the combined organization. The company's 2018 giving transaction volume is on pace to grow at a rate of approximately 10x over 2017 – when it grew about 5x over 2016. Over the past three years, GiveGab has expanded to partner with more than 150 giving days annually, while helping tens of thousands of nonprofits raise approximately \$500 million on GiveGab's platforms in 2018 alone. At September 30, 2018, Rand's investment in GiveGab was valued at approximately \$616,000.

As of September 30, 2018, Rand's portfolio consisted of 29 active companies. At that date, the portfolio was comprised of approximately 57% in equity investments and 43% in debt investments, compared with 58% in equity investments and 42% in debt investments at September 30, 2017.

Webcast and Conference Call
