DDC Enterprise Limited (NYSE: DDC) Founder, Chairwoman, and CEO Norma Chu Publishes Shareholder Letter

NEW YORK--(BUSINESS WIRE)-- **DDC Enterprise Limited** (NYSE: DDC), (“DayDayCook,” “DDC,” or the “Company”) today issued a corporate update in a Letter to Shareholders from CEO Norma Chu.

Dear Valued Shareholders,

It has been 60-days since our first 21 bitcoin purchase. Today I’m writing to share an exciting development in DDC’s journey to becoming a leading Bitcoin treasury—one that combines disciplined capital management with bold, long-term vision.

Earlier this month, we secured a transformative capital commitment of up to \$528 million, with an initial funding amount of \$53 million to date from esteemed partners like Anson Funds, Animoca Brands, and Kenetic Capital. This achievement accelerated our ability to execute on our Bitcoin accumulation strategy with precision.

A Strategic Leap: Filing a \$500 Million Universal Shelf (F-3)

Today, I’m proud to announce that DDC has taken another decisive step by filing a universal \$500 million F-3 shelf registration statement with the U.S. Securities and Exchange Commission. This filing is not about immediate action—it’s about ensuring we have the flexibility and readiness to access capital markets efficiently when compelling opportunities arise. In fast-moving markets, agility is everything. The F-3 shelf strengthens our ability to act swiftly, whether for strategic Bitcoin acquisitions, yield optimization, or other value-creating initiatives—all while minimizing dilution and maximizing shareholder value.

Our Bitcoin Vision

Bitcoin is the most secure, decentralized treasury asset in the world, and our commitment to it is unwavering. With our expanding capital capabilities and operational readiness, I am setting ambitious new targets:

- 10,000 BTC by the end of 2025
- Top 3 Bitcoin treasury company within 3 years

This is not just accumulation; it’s a strategic mission to position DDC as one of the most significant public Bitcoin treasury vehicles globally.

A Disciplined Approach to Growth

Our strategy remains focused on value-driven accumulation—leveraging private transactions, derivatives, and yield-enhancing opportunities to build our treasury at optimal cost. Every decision is made with long-term shareholder value in mind.

Looking Ahead

The steps we're taking today—from securing capital to filing the F-3 shelf—are about preparation. They ensure we're always ready to act in your best interest, turning market opportunities into lasting value.

To our shareholders: thank you for your trust. The future we're building is one of scale, innovation, and leadership in the Bitcoin ecosystem. I look forward to sharing more updates as we progress.

With conviction and dedication,

/s/ Norma Chu
