Shift4Shop, previously known as 3dcart and acquired by Shift4 in November 2020, is a feature-rich

eCommerce platform serving businesses of all sizes in a wide range of industries across the globe. The company provides everything a business needs to build a secure eCommerce website and start selling products or services online. This turnkey eCommerce experience includes a robust website builder, product and order management, customer marketing tools and more. Customers can choose from dozens of professionally designed, industry-specific templates, all of which are mobile-friendly, SEO-optimized and highly customizable. The platform encompasses hundreds of best-in-class features including social media marketing, SEO tools, and an expansive marketplace ecosystem of third-party developers, experts and affiliates.

Similar solutions from competitors can cost nearly \$300 or more per month, but Shift4Shop has upended the traditional tiered billing model and will offer all of the platform's premium features at no cost when Shift4's payment solution is used. This unique pricing approach eliminates a sizeable expense for eCommerce merchants, providing a meaningful boost to their bottom line.

"Shift4Shop will provide a key component of our commerce ecosystem as we continue building a unified platform across geographic borders and industry verticals," said Shift4 Payments CEO Jared Isaacman. "We have completely reimagined the eCommerce pricing model in a way that we believe will be incredibly beneficial to our customers and extremely disruptive to the competition. We aren't just offering a free trial or a basic entry-level account — we are providing a truly premium solution at no cost. This is a game-changer for the eCommerce industry."
