About Viveve

Viveve Medical, Inc. is a women's intimate health company passionately committed to advancing new solutions to improve women's overall well-being and quality of life. The internationally patented Viveve® System, that delivers the GENEVEVE™ treatment, incorporates clinically-proven cryogen-cooled, monopolar radiofrequency (CMRF) technology to uniformly deliver volumetric heating while gently cooling surface tissue to generate robust neocollagenesis in a single, in-office session.

International regulatory approvals and clearances have been received for vaginal laxity and/or improvement in sexual function indications from over 55 countries. Consistent with these approvals, Viveve is seeking an Investigational Device Exemption from the U.S. Food and Drug Administration (FDA) to conduct a pivotal study on use of the device for improvement in sexual function. Currently, in the United States, the Viveve System is cleared by the FDA for general surgical procedures for electrocoagulation and hemostasis.

InControl Products by Viveve are FDA cleared medical devices that treat stress, urge, and mixed incontinence conditions and products to improve pelvic floor strength. Viveve exclusively distributes InControl Medical's products to healthcare providers in the United States.
