

November 3, 2011

Perma-Fix Reports Record Revenue, EBITDA of \$8.1 Million and EPS of \$0.11 for the Third Quarter of 2011

Revenue Increases 43% to \$32.8 Million

Gross Profit Increases 335% to \$11.3 Million

Gross Margin Increases to 34.5% from 11.3%

Net Income of \$6.0 Million or \$0.11 per Share

ATLANTA, Nov. 3, 2011 (GLOBE NEWSWIRE) -- *Perma-Fix Environmental Services, Inc.* (Nasdaq:PESI) today announced results for the third quarter and nine months ended September 30, 2011.

Dr. Louis F. Centofanti, Chairman and Chief Executive Officer, stated, "The second half of 2011 is proving to be one of the strongest periods in our history and we believe this demonstrates that our strategy is working. Revenue for the third quarter of 2011 increased 43.4% to \$32.8 million versus \$22.9 million for the same period last year. Our gross profit increased 335.5% at the same time our gross margin improved to 34.5% from 11.3% for the third quarter last year. We achieved record EBITDA of \$8.1 million and net income of \$6.0 million or \$0.11 per share."

Dr. Centofanti continued, "We attribute our strong performance to increased treatment of higher activity and more complex waste streams. This has been a major focus over the past few years and represents an important growth opportunity going forward. At the same time, we remain focused on expanding our onsite services, which complement our traditional treatment services. Towards this end, we are pleased to announce the completion of our acquisition of Safety and Ecology Holdings Corporation and its subsidiary, Safety and Ecology Corporation (SEC). We believe SEC will broaden our service capabilities and expands our addressable market."

"We also improved our balance sheet during the quarter. As a result of our strong cash flow, coupled with the recent sale of Fort Lauderdale facility, we had over \$10.7 million of cash and just \$5.7 million of total debt at the end of the third quarter."

Financial Results

Revenue for the third quarter of 2011 increased 43.4% to \$32.8 million versus \$22.9 million for the same period last year. Revenue for the Nuclear Segment increased 44.0% to \$32.1

million from \$22.3 million for the same period in 2010. Revenue generated from the DOE Hanford Site increased approximately \$787,000 for the quarter while \$9.0 million was derived from an increase in waste processed at our treatment facilities. Revenue from the Engineering Segment increased to \$701,000 from \$581,000 for the same period in 2010. Gross profit for the third quarter of 2011 increased 335.5% to \$11.3 million versus \$2.6 million for the third quarter of 2010 due to increased treatment waste volume. Gross margin increased to 34.5% from 11.3% for the same period last year.

Operating income for the third quarter of 2011 increased to \$6.9 million versus an operating loss of \$1.3 million for the third quarter of 2010. Net income for the third quarter of 2011 increased to \$6.0 million, or \$0.11 per share, versus a net loss of \$1.1 million or \$0.02 per share, for the same period in 2010. Net income for the third quarter of 2011 included a gain on the sale of PFFL of approximately \$1.8 million, partially offset by a loss from discontinued operations of \$187,000.

The Company generated EBITDA of \$8.1 million from continuing operations during the quarter ended September 30, 2011, as compared to EBITDA loss of approximately \$174,000 for the same period of 2010. The Company defines EBITDA as earnings before interest, taxes, depreciation and amortization. EBITDA is not a measure of performance calculated in accordance with Generally Accepted Accounting Principles in the United States ("GAAP"), and should not be considered in isolation of, or as a substitute for, earnings as an indicator of operating performance or cash flows from operating activities as a measure of liquidity. The Company believes the presentation of EBITDA is relevant and useful by enhancing the readers' ability to understand the Company's operating performance. The Company's management utilizes EBITDA as a means to measure performance. The Company's measurements of EBITDA may not be comparable to similar titled measures reported by other companies. The table below reconciles EBITDA, a non-GAAP measure, to income (loss) from continuing operations for the three and nine months ended September 30, 2011 and 2010.

	Quarter Ended		Nine Months Ended	
	September 30,		September 30,
