Volt Information Sciences Named Supplier of the Year by Nokia

NEW YORK--(BUSINESS WIRE)--**Volt Information Sciences, Inc. (“Volt” or the “Company”)** (NYSE-AMERICAN: VOLT), an international provider of staffing services and managed service programs, today announced that the Company’s managed service provider, Volt Consulting Group (“VCG”), was awarded Supplier of Year by Nokia at its North America Supplier Day 2019.

This year, Nokia recognized three suppliers among thousands in its North American supply base. This top honor is given to the supplier that has the most impactful overall effect on the relationship and profitability.

“Volt Consulting Group was recognized for providing a flawless transition of temporary labor workers into a single Managed Service Provider (MSP),” said David Heintzelman, Head of Market Procurement for North America, Nokia. “An independent managed services provider with a proven 20-year record of helping leading organizations recruit and manage top quality contingent talent, VCG was recognized for its impressive track record and leading position in the industry.”

Lori Schultz, Volt’s Chief Global Solutions Officer, commented, “We are extremely proud to be recognized by Nokia for VCG’s achievement in driving process excellence. On behalf of everyone at VCG, we thank Nokia for this acknowledgement and look forward to continuing to provide solutions that deliver exceptional results and exceed the expectations of our customers.”

About Volt Information Sciences, Inc.

Volt Information Sciences, Inc. is a global provider of staffing services (traditional time and materials-based as well as project-based). Our staffing services consist of workforce solutions that include providing contingent workers, personnel recruitment services, and managed staffing services programs supporting primarily administrative, technical, information technology, light-industrial and engineering positions. Our managed staffing programs involve managing the procurement and on-boarding of contingent workers from multiple providers. Volt services global industries including aerospace, automotive, banking and finance, consumer electronics, information technology, insurance, life sciences, manufacturing, media and entertainment, pharmaceutical, software, telecommunications, transportation, and utilities. For more information, visit www.volt.com.
