ExxonMobil Pipeline Company to Hold Media Availability at Duck Creek Bridge Cleanup Operations

BILLINGS, Mont.--(BUSINESS WIRE)-- Gary Pruessing, president of ExxonMobil Pipeline Company, will be available this morning to update media on the company's ongoing response to the release of oil into the Yellowstone River. The briefing will be held at the site of cleanup operations on Thiel Road in Laurel, MT, where media will have the opportunity to observe cleanup crews at work.

Media who are unable to attend can participate through a dial-in conference call.
