# VolitionRx Limited Announces Closing of \$6.9 Million Underwritten Public Offering of Common Stock

HENDERSON, Nev., Aug. 2, 2022 /PRNewswire/ -- VolitionRx Limited (NYSE AMERICAN: VNRX) ("Volition"), a multi-national epigenetics company, announced today the closing of its previously announced underwritten public offering of 3,450,000 shares of its common stock, including the exercise in full of the underwriter's overallotment option, at a public offering price of \$2.00 per share. The gross proceeds to Volition from the offering were \$6.9 million, before deducting the underwriting commissions and other estimated offering expenses payable by Volition. All of the shares of common stock sold in the offering were offered by Volition.

Volition intends to use the net proceeds from the offering for research and continued product development, clinical studies, product commercialization, working capital and other general corporate purposes, including potential strategic acquisitions.

Newbridge Securities Corporation acted as the sole book-running manager of the offering.

The securities were issued by Volition pursuant to a "shelf" registration statement on Form S-3 (File No. 333-259783) previously filed with the Securities and Exchange Commission (the "SEC") on September 24, 2021 and declared effective by the SEC on November 8, 2021. A final prospectus supplement and an accompanying base prospectus relating to the offering were filed with the SEC on August 1, 2022 and are available on the SEC's website at [www.sec.gov](http://www.sec.gov). Copies of the final prospectus supplement and the accompanying base prospectus relating to the offering can also be obtained from Newbridge Securities Corporation, Attn: Equity Syndicate Department, 1200 North Federal Highway, Suite 400, Boca Raton, FL 33432, by email at [syndicate@newbridgesecurities.com](mailto:syndicate@newbridgesecurities.com), or by telephone at (877) 447-9625.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy these securities, nor shall there be any sale of these securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state or other jurisdiction.

## About Volition

Volition is a multi-national epigenetics company that applies its Nucleosomics™ platform through its subsidiaries to develop simple, easy-to-use, cost-effective blood tests to help diagnose and monitor a range of life-altering diseases, including some cancers and diseases associated with NETosis such as sepsis and COVID-19. Early diagnosis and monitoring have the potential to not only prolong the life of patients but also improve their quality of life. The tests are based on the science of Nucleosomics™, which is the practice of identifying and measuring nucleosomes in the bloodstream or other bodily fluid—an indication that

disease is present. Volition is primarily focused on human diagnostics and monitoring, but also has a subsidiary focused on animal diagnostics and monitoring.

Volition's research and development activities are centered in Belgium, with an innovation laboratory and an office in the U.S. and additional offices in London and Singapore.
