# Ondas Holdings to Report Third Quarter 2024 Financial Results on Tuesday, November 12, 2024, at 8:30 a.m. ET

**BOSTON, MA / ACCESSWIRE / November 5, 2024** /[Ondas Holdings Inc.](#)

(NASDAQ:ONDS), ("Ondas", or the "Company"), a leading provider of private industrial wireless networks and commercial drone and automated data solutions, will hold a conference call on Tuesday, November 12, 2024, at 8:30 a.m. Eastern Time to discuss its financial results for the third quarter ended September 30, 2024. The results will be reported in a press release prior to the conference call.

Ondas management will host the conference call and simultaneous webcast, followed by a question-and-answer period.

Date: Tuesday, November 12, 2024

Time: 8:30 a.m. Eastern Time

Toll-free dial-in number: 844-883-3907

International dial-in number: 412-317-5798

Call participant pre-registration link: [here](#)

The Company encourages listeners to pre-register, which allows callers to gain immediate access and bypass the live operator. Please note that you can register at any time during the call. For those who choose not to pre-register, please call the conference telephone number 10-15 minutes prior to the start time, at which time an operator will register your name and organization.

The conference call will also be broadcast live and available for replay [here](#) and via the investor relations section of the Company's website at [ir.ondas.com](#). A replay will be accessible from the investor relations website after completion of the event.

## About Ondas Holdings Inc

Ondas Holdings Inc. ("Ondas") is a leading provider of private wireless data solutions via Ondas Networks Inc. ("Ondas Networks") and commercial drone solutions through Ondas Autonomous Systems Inc. via its wholly owned subsidiaries American Robotics, Inc. ("American Robotics" or "AR") and Airobotics LTD ("Airobotics"), which we operate as a separate business unit called Ondas Autonomous Systems.

Ondas Networks is a developer of proprietary, software-based wireless broadband technology for large established and emerging commercial and government markets. Ondas Networks' standards-based (802.16s), multi-patented, software-defined radio FullMAX platform enables Mission-Critical IoT (MC-IoT) applications by overcoming the bandwidth limitations of today's legacy private licensed wireless networks. Ondas Networks' customer end markets include railroads, utilities, oil and gas, transportation, aviation (including drone operators) and government entities whose demands span a wide range of mission critical

applications.

Ondas Autonomous Systems Inc. (OAS) specializes in designing, developing, and marketing autonomous drone solutions via its two advanced drone platforms: the Optimus System, the world's first FAA-certified small UAS (sUAS) for aerial security and data capture, and the Iron Drone Raider, a counter-drone system designed to combat hostile drones. Both platforms are highly automated, AI-powered, and capable of continuous, remote operation for critical defense, infrastructure, industrial, and government applications. American Robotics and Airobotics have achieved industry-leading regulatory milestones, including the first-ever FAA Type Certification for the Optimus System and the first drone system approved by the FAA for automated beyond-visual-line-of-sight (BVLOS) operations without an on-site human operator. Ondas Networks, American Robotics and Airobotics together provide users in defense, homeland security, public safety and other critical industrial and government security and infrastructure markets with improved connectivity, situational awareness and data collection and information processing capabilities.

Ondas Networks, American Robotics and Airobotics together provide users in defense, homeland security, public safety and other critical industrial and government security and infrastructure markets with improved connectivity, situational awareness and data collection and information processing capabilities.
