Maximus Board Authorizes Expansion to Purchase Program of Maximus Common Stock

TYSONS, Va.--(BUSINESS WIRE)-- [Maximus](#) (NYSE:MMS), a leading employer and provider of government services, announced today that its Board of Directors has authorized an expansion to the purchase program for Maximus common stock to up to an aggregate of \$400 million. This includes approximately \$32.7 million of remaining availability under the existing stock purchase program.

Maximus intends to purchase shares opportunistically at prevailing market prices in the open market, via 10b5-1 plans, or in privately negotiated transactions, with the amount and timing of purchases depending on market conditions, corporate needs, and other factors.

This program does not obligate the Company to acquire any particular amount of Common Stock, has no specified expiration date, and may be extended, modified, suspended or discontinued at any time at the Company's discretion.

"This action reflects the momentum built and sustained by Maximus over the last several years enabled by our central role in the efficient and accountable delivery of essential services, which we believe will be fundamental to government service delivery in the future," commented Bruce Caswell, President and Chief Executive Officer of Maximus. "The expansion aligns with our disciplined approach to capital allocation and reinforces our focus on returning capital to shareholders while maintaining the flexibility to invest in strategic priorities intended to support sustainable growth."

Since June 30, 2025, Maximus has purchased 375,898 shares for approximately \$31.6 million.
