Trevena to Present at the JMP Life Sciences Conference

KING OF PRUSSIA, Pa.--(BUSINESS WIRE)-- Trevena, Inc. (NASDAQ: TRVN), a clinical stage biopharmaceutical company focused on the discovery and development of biased ligands targeting G protein coupled receptors, today announced that its chief medical officer, David Soergel, M.D., will present a company overview at the JMP Life Sciences Conference on June 21st at 2:00p.m. EDT in New York.

To access the live audio webcast of the presentation, please visit the "Investors" section of the Company's website at www.trevena.com. Following the conclusion of the presentation, the webcast will be archived for 30 days.

About Trevena

Trevena, Inc. is a clinical stage biopharmaceutical company that discovers, develops and intends to commercialize therapeutics that use a novel approach to target G protein coupled receptors, or GPCRs. Using its proprietary product platform, Trevena has identified three biased ligand product candidates – oliceridine (TRV130) to treat moderate to severe acute pain intravenously (Phase 3), TRV734 to treat moderate to severe acute and chronic pain orally (Phase 1), and TRV250 for acute episodic migraine and other CNS disorders (preclinical).
