HireRight Announces Enhanced Drug and Healthcare Screening Program Featuring the Largest Collection Site Network in the Country

IRVINE, Calif.--(BUSINESS WIRE)-- [HireRight](#), a leading provider of global employment background checks, drug and health screening, education verification, and electronic Form I-9 and E-Verify solutions, today announced the transformation of its drug and healthcare screening service offerings, now featuring more than 22,000 collection facilities—the largest in the background screening industry. In addition, this multi-vendor alliance with the leading laboratories and collection site networks features a more expansive suite of mobile-enabled electronic scheduling services.

These enhanced service offerings bring together the expertise of HireRight's in-house medical review and operations team with augmented electronic health and wellness services, such as physical examinations that are not only registered electronically, but also performed electronically—thereby reducing turnaround time, improving quality, and delivering a more convenient and easy-to-use solution.

Similarly, the new service provides network-wide electronic scheduling for urine, hair, and instant tests, and will add electronic scheduling for breath alcohol tests, physical exams and many wellness services, providing incomparable capabilities for clients at no additional charge.

HireRight's trusted in-house team will continue to provide employers with the highest level of service expertise through a newly-established center of excellence for drug and health screening based in Tulsa, Oklahoma.

"HireRight has always been a leader in the drug and health screening space," said Jurgen Leijdekker, president at HireRight. "We knew that exceeding the demands of today's employers and candidates for this crucial service demands the convenience of extensive network coverage and a technology-enabled user experience."

About HireRight

HireRight delivers global employment background checks, drug testing, education verification, and electronic Form I-9 and E-Verify solutions through an innovative platform to help companies hire the right candidates, so they can grow successfully, and efficiently—no matter their size or where they operate. HireRight offers extensive screening solutions that can be tailored to the unique needs of the organization, giving employers additional peace of mind about their people and vetting processes. HireRight's platform can be integrated with existing HR platforms, making it easy to use and giving candidates the best possible experience.
