TULSA, Okla.--(BUSINESS WIRE)-- [HireRight](#) today announced that its [background check offering](#) is now available on [SAP® Store](#), which recently merged with SAP App Center as the single digital marketplace for SAP and partner offerings. HireRight integrates with SAP® Fieldglass® solutions to deliver a streamlined customer experience.

“HireRight has proudly partnered with SAP since 2017,” said HireRight Chief Revenue Officer Scott Collins. “We have tremendous respect for their technology, and we’re excited to offer our HireRight background screening solution on SAP Store – ensuring that our shared customers can find the right candidates for the right opportunities.”

The HireRight pre-configured integration was developed to work within the SAP Fieldglass Contingent Workforce Management solution, using APIs from SAP and the HireRight Connect API. Businesses may screen contingent workers against their established company standards directly from SAP Fieldglass solutions, improving workflow and time to hire. The integration is also mobile optimized for applicant access, including available electronic consent and authorization using e-signature.

In addition to its background check offering, HireRight also offers [a global background screening solution](#) that integrates with SAP® SuccessFactors® Recruiting on SAP Store.
