TTM Technologies, Inc. to Present at the Bear Stearns 18th Annual Technology Conference on June 12, 2007

SANTA ANA, Calif., June 6 /PRNewswire-FirstCall/ -- TTM Technologies, Inc. (Nasdaq: TTMI), a leading manufacturer of time-critical, technologically advanced printed circuit boards, will participate in the Bear Stearns 18th Annual Technology Conference on Tuesday, June 12, 2007, at 3:15 p.m. Eastern time. The conference is being held at the Grand Hyatt Hotel in New York.

Kent Alder, President and CEO, Steve Richards, CFO and Doug Soder, Executive Vice President, will discuss TTM's successful strategy and its ability to capture market share in the printed circuit board industry.

The presentation will be webcast on the company's website, <http://www.ttmtech.com>, and will remain accessible for one week following the event.

TTM Technologies, Inc. is a leading supplier of time-critical and technologically advanced printed circuit boards to original equipment manufacturers and electronic manufacturing services companies. TTM stands for time-to-market, representing how the company's time-critical, one-stop manufacturing services enable customers to shorten the time required to develop new products and bring them to market.
