COPT Announces Offering of Common Shares

COLUMBIA, Md.--(BUSINESS WIRE)-- Corporate Office Properties Trust ("COPT" or the "Company") (NYSE: OFC) announced that it plans to commence an underwritten public offering of 8,000,000 of its common shares of beneficial interest. Subject to certain conditions, the Forward Purchaser (as described below) (or its affiliate) is expected to borrow, and sell to the underwriters, 8,000,000 of the Company's common shares at the close of the offering (assuming no exercise of the underwriters' option to purchase additional shares) in connection with the forward sale agreement described below. The Company will issue and sell shares to the underwriters to the extent that the Forward Purchaser (or its affiliate) does not borrow and sell such number of shares. In connection with this offering, the underwriters have been granted an option to purchase up to an additional 1,200,000 of the Company's common shares.

Wells Fargo Securities and BofA Merrill Lynch are acting as joint book-running managers for the offering.

In connection with the offering of its common shares of beneficial interest, COPT expects to enter into a forward sale agreement with an affiliate of Wells Fargo Securities (the "Forward Purchaser"), under which COPT will agree to sell to the Forward Purchaser the same number of its common shares as are sold by an affiliate of the Forward Purchaser to the underwriters for sale in the underwritten public offering (subject to certain adjustments and to COPT's right, in certain circumstances, to elect cash settlement or net share settlement of the forward sale agreement).

To the extent that the underwriters exercise their option to purchase additional shares, the Company may elect to enter into an additional forward sale agreement or to issue and sell such shares directly to the underwriters.

Settlement of the forward sale agreement will occur on one or more dates no later than approximately 18 months after the date of the prospectus supplement relating to the offering. Upon any physical settlement of the forward sale agreement, the Company will issue and deliver to the Forward Purchaser common shares in exchange for cash proceeds per share equal to the forward sale price, which will initially be the price at which the underwriters agree to buy the Company's common shares in the offering, and will be subject to certain adjustments as provided in the forward sale agreement. The Company may, in certain circumstances, elect cash or net share settlement for all or a portion of its obligations under the forward sale agreement.

The Company will not receive any proceeds from the sale of the common shares sold by the Forward Purchaser (or its affiliate) to the underwriters. The Company intends to use any net proceeds that it receives upon settlement of the forward sale agreement described above or upon any issuance and sale to the underwriters of the Company's common shares in the offering to fund development of the buildings that it plans to develop over the next 18

months and/or for general corporate purposes.
