Trustees should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based upon contributions that they can make to the Company.

2. Determine what types of backgrounds, skills, and attributes of Board members are needed to help strengthen and balance the Board, taking into account the competencies described above, and actively seek individuals qualified to become Board members.

2. Annually review and assess the performance of the Committee and each Committee member and deliver a report to the Board setting forth the results of its evaluation. In conducting this review, the Committee shall address matters that it considers relevant to its performance, including, at a minimum, the adequacy, appropriateness, and quality of the information and recommendations that it has presented to the Board, the manner in which they were discussed or debated, and whether the number and length of meetings of the Committee were adequate for the Committee to complete its work in a thorough and thoughtful manner.
