

## CollPlant Reports First Quarter 2018 Financial Results and Provides Business Update

NESS ZIONA, Israel, May 24, 2018 /PRNewswire/ --

**CollPlant (NASDAQ: CLGN) (TASE: CLGN)**, a regenerative medicine company utilizing its proprietary plant-based rhCollagen technology for tissue repair products (recombinant human, "rhCollagen"), today announced financial results for the first quarter ended March 31, 2018 and provided an update on the Company's business developments. Certain metrics, including those expressed on an adjusted basis, are non-GAAP measures. See "Use of Non-IFRS (non-GAAP) Measures" below.

CollPlant reported revenues of \$222,000 (NIS 779,000) for the first quarter of 2018. The Company ended the first quarter of 2018 with \$3.9 million (NIS 13.8 million) in cash and cash equivalents, excluding an additional \$1.0 million (NIS 3.5 million) that the Company received from Alpha Capital Anstalt ("Alpha") at the end of April 2018, while comprehensive loss for the first quarter of 2018 was \$2.1 million (NIS 7.2 million) on a GAAP basis, or adjusted comprehensive loss of \$1.2 million (NIS 4.2 million), on a non-GAAP basis.

"During the first quarter of 2018, we made progress advancing our 3D bioprinting business. We continue to move forward with our development activities with various biotechnology and medical device companies that are using CollPlant's rhCollagen based Biolnk for the bioprinting of organs and tissues," said Yehiel Tal, CollPlant's Chief Executive Officer.

"CollPlant is also working with foundations and academic institutions, and during the first quarter of 2018, we announced that CollPlant is part of the Regenerative Medicine Development Organization's (ReMDO) advanced biomanufacturing initiative for the development of a universal Biolnk with tunable properties for 3D bioprinting of tissues and organs," noted Mr. Tal.

"During the first quarter of 2018, we continued with the development of next generation dermal fillers for the aesthetic field. This month, we filed a provisional patent application with the U.S. Patent and Trademark Office for photocurable dermal fillers comprised of rhCollagen and hyaluronic acid, and are actively pursuing collaborations with key companies in this field," added Mr. Tal.

"During the first quarter of 2018, we established a new rhCollagen production facility in Rehovot, Israel. This cGMP facility will be used for purification of rhCollagen and the formulation of end-products, including BioInks for 3D bioprinting. The facility includes clean rooms and dedicated production equipment to support the company's commercial and R&D demand for the next few years. Furthermore, we expect the new facility to enable

operational flexibility, cost reduction and process development. Consequently, we believe our competitiveness and profitability will be enhanced," noted Mr. Tal.

"Additionally, during 2018 we continued to establish our position in the European market, with sales of our advanced wound care product (VergenixFG), and orthopedic product (VergenixSTR). Over time, we have received positive feedback from physicians who have treated patients with both products, and we are aiming to expand sales into new territories across Europe," concluded Mr. Tal.

#### First Quarter 2018 Financial Results on IFRS basis ("GAAP")

Revenues for the first three months ended March 31, 2018 increased by 309% to \$222,000 (NIS 779,000), compared to \$72,000 (NIS 252,000) in the first quarter of 2017. Revenues were derived from sales in the U.S. of CollPlant's BioInk for development of 3D bioprinting of organs, as well as sales in Europe of CollPlant's soft tissue repair matrix, VergenixSTR, for treating tendinopathy and its wound care product, VergenixFG.

The Company's gross profit for the three months ended March 31, 2018 increased by 275% to \$198,000 (NIS 693,000) compared to \$72,000 (NIS 252,000) in the first quarter of 2017.

Total operating costs and expenses were \$2.3 million (NIS 7.9 million) compared to \$1.5 million (NIS 5.4 million) in the first quarter of 2017. The increase is mainly due to non-cash expenses of the fair market value attributed to services received through the securities purchase agreement with Alpha (the "Alpha Agreement"), which amounted to \$435,000 (NIS 1.5 million) and an increase in non-cash share based compensation amounting to \$154,000 (NIS 540,000).

Operating loss was \$2.1 million (NIS 7.2 million) compared to an operating loss of \$1.5 million (NIS 5.1 million) in the first quarter of 2017. Comprehensive loss for the first quarter of 2018 was \$2.1 million (NIS 7.2 million), or \$0.01 (NIS 0.04) per share, compared to a comprehensive loss of \$1.5 million (NIS 5.2 million), or \$0.01 (NIS 0.04) per share, for the first quarter of 2017.

Cash used in operating activities during the first quarter was \$1.4 million (NIS 4.9 million) compared to \$1.7 million (NIS 6.0 million) in the first quarter of 2017. As of March 31, 2018, cash and cash equivalents totaled \$3.9 million (NIS 13.8 million). In addition, in April 2018, the Company received \$1.0 million (NIS 3.5 million) from Alpha, as part of the third closing of the Alpha Agreement.

#### First Quarter 2018 Financial Results on Non-IFRS Basis ("non-GAAP")

On a non-GAAP basis, the operating costs and expenses for the first quarter of 2018 were \$1.5 million (NIS 5.3 million), compared to \$1.4 (NIS 4.8 million) for the first quarter of 2017, while the comprehensive loss for the first quarter of 2018 was \$1.2 million (NIS 4.2 million), or \$0.01 (NIS 0.03) per share, compared to \$1.3 million (NIS 4.6 million), or \$0.01 (NIS 0.04) per share, for the first quarter of 2017. Non-GAAP measures exclude certain non-cash expenses. The table on page 8 includes a reconciliation of the Company's GAAP results to non-GAAP results. The reconciliation reflects non-cash expenses in the amount of \$853,000 (NIS 3.0 million) with respect to fair market value attributed to services received through the Alpha Agreement, recognition of unrecognized day one loss and share-based compensation

to employees, directors and consultants in the first quarter of 2018.

#### **Use of Non-IFRS ("non-GAAP") Measures**

This press release contains certain non-GAAP financial measures for operating costs and expenses, operating loss, comprehensive loss and basic and diluted comprehensive loss per share that exclude the effects of non-cash expense for fair market value attributed to services received through the Alpha Agreement, recognition of unrecognized day one loss, and share-based compensation to employees, directors and consultants. Management believes that these non-GAAP financial measures provide meaningful supplemental information regarding the Company's performance that enhances management's and investors' ability to evaluate the Company's operating costs, comprehensive loss and loss per share, and to compare them to historical Company results.

The presentation of this non-GAAP financial information is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP. Management uses both GAAP and non-GAAP measures when operating and evaluating the Company's business internally and therefore decided to make these non-GAAP adjustments available to investors. The non-GAAP financial measures used by the Company in this press release may be different from the measures used by other companies.

For more information on the non-GAAP financial measures, please see the "Reconciliation of GAAP to Non-GAAP Financial Measures" table on page 8 in this press release. This accompanying table on page 8 has more details on the GAAP financial measures that are most directly comparable to non-GAAP financial measures and the related reconciliations between these financial measures.

For the convenience of the reader, the amounts have been translated from NIS into U.S. dollars, at the representative rate of exchange as of March 31, 2018 (U.S. \$1.00 = NIS 3.514).

The Company's consolidated financial results for the three months ended March 31, 2018 are presented in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board.

#### **About CollPlant**

CollPlant is a regenerative medicine company focused on 3D bioprinting of tissues and organs, and on developing and commercializing tissue repair products for orthobiologics, and advanced wound care markets. Our products are based on our rhCollagen (recombinant human collagen) that is produced with CollPlant's proprietary plant based genetic engineering technology.

Our products address indications for diverse fields of organ and tissue repair, and are ushering in a new era in regenerative medicine. Our flagship rhCollagen BioInk product line is ideal for 3D bioprinting of tissues and organs, and our unique Vergenix line of rhCollagen products includes a soft tissue repair matrix for treating tendinopathy and a wound repair matrix to promote a rapid optimal healing of acute and chronic wounds.

#### **Safe Harbor Statements**

This press release may include forward-looking statements. Forward-looking statements may include, but are not limited to, statements relating to CollPlant's objectives plans and strategies, as well as statements, other than historical facts, that address activities, events or developments that Collplant intends, expects, projects, believes or anticipates will or may occur in the future. These statements are often characterized by terminology such as "believes," "hopes," "may," "anticipates," "should," "intends," "plans," "will," "expects," "estimates," "projects," "positioned," "strategy" and similar expressions and are based on assumptions and assessments made in light of management's experience and perception of historical trends, current conditions, expected future developments and other factors believed to be appropriate. Forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. Many factors could cause CollPlant's actual activities or results to differ materially from the activities and results anticipated in forward-looking statements, including, but not limited to, the following: the Company's history of significant losses and its need to raise additional capital and its inability to obtain additional capital on acceptable terms, or at all; the Company's expectations regarding the timing and cost of commencing clinical trials with respect to tissues and organs which are based on its rhCollagen based Bioink, VergenixSTR, and VergenixFG; the Company's ability to obtain favorable pre-clinical and clinical trial results; regulatory action with respect to rhCollagen based Biolnk, VergenixSTR, and VergenixFG including but not limited to acceptance of an application for marketing authorization, review and approval of such application, and, if approved, the scope of the approved indication and labeling; commercial success and market acceptance of the Company's rhCollagen based Biolnk, VergenixSTR, and VergenixFG; the Company's ability to establish sales and marketing capabilities or enter into agreements with third parties and its reliance on third party distributors and resellers; the Company's ability to establish and maintain strategic partnerships and other corporate collaborations; the Company's reliance on third parties to conduct some or all aspects of its product manufacturing; the scope of protection we are able to establish and maintain for intellectual property rights and the Company's ability to operate its business without infringing the intellectual property rights of others; the overall global economic environment; the impact of competition and new technologies; general market, political, and economic conditions in the countries in which the Company operates; projected capital expenditures and liquidity; changes in the Company's strategy; and litigation and regulatory proceedings. More detailed information about the risks and uncertainties affecting Collplant is contained under the heading "Risk Factors" included in CollPlant's most recent annual report on Form 20-F filed with the SEC, and in other filings that Collplant has made and may make with the SEC in the future. The forward-looking statements contained in this press release are made as of the date of this press release and reflect CollPlant's current views with respect to future events, and Collplant does not undertake and specifically disclaims any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
