Flux Power Unveils New Onboard Integrated Charging Option at MODEX 2024

New Onboard Integrated Charger Option for M24 Lithium-ion Battery Pack Plugs into Any Outlet Anywhere for More Efficient Warehouse Operations

VISTA, Calif.--(BUSINESS WIRE)-- **Flux Power Holdings, Inc.** (NASDAQ: [FLUX](#)), a developer of advanced lithium-ion energy storage solutions for electrification of commercial and industrial equipment, today announced that they will unveil its new onboard charger option for M24 lithium-ion battery packs installed in Class III end rider and center rider forklifts, bringing more efficiency to warehouse operations.

Flux Power CEO Ron Dutt commented, "Onboard integrated charging with the M24 battery pack for end riders and center riders will be a game changer for operations. Any forklift operator will be able to plug the battery pack into any outlet, anywhere in the warehouse, instead of returning the rider pallet jack back to the charging station. The

introduction of this flexible, efficient charging solution is yet another example our solid track record of introducing new technologies and reliably satisfying our customers."

Flux Power will showcase its complete product line at Booth [C4085](#) in Hall C.

If you would like to schedule a one-on-one meeting or media interview with Flux Power CEO Ron Dutt Monday, March 11 or Tuesday, March 12 between the hours of 1:00pm-4:00pm ET, please make your request to media@fluxpower.com.

About MODEX 2024

MODEX is one of the largest manufacturing and supply chain events for the year. From education to new technology, MODEX allows attendees to connect, learn, and meet with new contacts and discover the latest trends in the industry. For more information visit www.modexshow.com.

About Flux Power Holdings, Inc.

Flux Power (NASDAQ: FLUX) designs, manufactures, and sells advanced lithium-ion energy storage solutions for electrification of a range of industrial and commercial sectors including material handling, airport ground support equipment (GSE), and stationary energy storage. Flux Power's lithium-ion battery packs, including the proprietary battery management system (BMS) and telemetry, provide customers with a better performing, lower cost of ownership, and more environmentally friendly alternative, in many instances, to traditional lead acid and propane-based solutions. Lithium-ion battery packs reduce CO2 emissions and help improve sustainability and ESG metrics for fleets. For more information, please visit www.fluxpower.com.

Forward-Looking Statements

This release contains projections and other "forward-looking statements" relating to Flux Power's business, that are often identified using "believes," "expects" or similar expressions. Forward-looking statements involve several estimates, assumptions, risks, and other uncertainties that may cause actual results to be materially different from those anticipated, believed, estimated, expected, etc. Such forward-looking statements include impact of COVID-19 on Flux Power's business, results and financial condition; Flux Power's ability to obtain raw materials and other supplies for its products at competitive prices and on a timely basis, particularly in light of the potential impact of the COVID-19 pandemic on its suppliers and supply chain; the development and success of new products, projected sales, deferral of shipments, Flux Power's ability to fulfill backlog orders or realize profit from the contracts reflected in backlog sale; Flux Power's ability to fulfill backlog orders due to changes in orders reflected in backlog sales, Flux Power's ability to timely obtain UL Listing for its products, Flux Power's ability to fund its operations, distribution partnerships and business opportunities and the uncertainties of customer acceptance and purchase of current and new products. Actual results could differ from those projected due to numerous factors and uncertainties. Although Flux Power believes that the expectations, opinions, projections, and comments reflected in these forward-looking statements are reasonable, they can give no assurance that such statements will prove to be correct, and that the Flux Power's actual results of operations, financial condition and performance will not differ materially from the results of operations, financial condition and performance reflected or implied by these forward-looking statements. Undue reliance should not be placed on the forward-looking statements and Investors should refer to the risk factors outlined in our Form 10-K, 10-Q and other reports filed with the SEC and available at www.sec.gov/edgar. These forward-looking statements are made as of the date of this news release, and Flux Power assumes no obligation to update these statements or the reasons why actual results could differ from those projected.
