CHARLOTTE, N.C., Jan. 19 /PRNewswire-FirstCall/ -- Sonic Automotive, Inc. (NYSE: SAH), a leader in automotive retailing, announced today that it has entered into new syndicated credit facilities with various financial institutions which mature in August 2012. In addition, Sonic has entered into new floorplan arrangements with several manufacturer-affiliated finance companies for floorplan financing of both new and used vehicles. These new lending arrangements replace Sonic's existing syndicated credit facility which was scheduled to mature in February 2010.

The syndication was arranged through Banc of America Securities LLC. Lenders in the new syndicated credit facilities include three manufacturer-affiliated finance companies – DCFS USA LLC, BMW Financial Services NA, LLC and Toyota Motor Credit Corporation – and five commercial banks and other lending institutions. These lenders are Bank of America, N.A.; JP Morgan Chase Bank; Wachovia Bank, National Association; (with Wells Fargo Bank National Association, as an LC issuer); Comerica Bank and World Omni Financial Corp.

Sonic has also entered into separate credit arrangements for floorplan financing with each of BMW Financial Services NA, LLC; DCFS USA LLC; Ford Motor Credit Company; General Motors Acceptance Corporation; Toyota Motor Credit Corporation; and World Omni Financial Corp. These separate floorplan facilities provide financing for both new and used vehicle inventory at dealerships associated with the respective manufacturer affiliates of these captive finance companies.

B. Scott Smith, Sonic's President stated, "The refinancing of these facilities is another in a series of financing transactions Sonic has been able to complete over the past year that have greatly strengthened our balance sheet. The entities involved in these credit arrangements have been financing partners for our Company for many years. We appreciate both the commercial lending institutions and the manufacturer-affiliated finance companies working together to meet Sonic's working capital and inventory financing needs."
