CHARLOTTE, N.C., Feb. 27, 2018 /PRNewswire/ -- Sonic Automotive, Inc. (NYSE: SAH), one of the nation's largest automotive retailers, today reported financial results for the fourth quarter and the full year of 2017.

- All-time record revenue and gross profit in the fourth quarter of 2017 of \$2.7 billion and \$384.1 million, respectively
- All-time record revenue and gross profit in the full year of 2017 of \$9.9 billion and \$1.5 billion, respectively
- Record annual retail unit sales in 2017 of 257,217 units
- Record F&I gross profit per retail unit of \$1,473 and \$1,411 for the fourth quarter and the full year of 2017, respectively
- Benefit of \$28.4 million related to the 2017 Tax Cuts and Jobs Act
- 20% increase in the quarterly dividend to \$0.06 per share

#### Fourth Quarter and Full Year 2017 Results

#### **GAAP Basis**

Net income from continuing operations for the fourth quarter of 2017 was \$62.1 million, or \$1.42 per diluted share. These results include a benefit of approximately \$28.4 million related to the change in the federal income tax rate from 35% to 21% in future periods and other items discussed below. Comparatively, net income from continuing operations for the fourth quarter of 2016 was \$38.0 million, or \$0.84 per diluted share.

Net income from continuing operations for the full year of 2017 was \$94.2 million, or \$2.12 per diluted share. The full year results for 2017 also include the benefit related to the federal income tax rate change. Comparatively, net income from continuing operations for the full year of 2016 was \$94.5 million, or \$2.06 per diluted share.

# Adjusted Basis

Adjusted net income from continuing operations and related earnings per diluted share are non-GAAP financial measures. The schedules included in this press release reconcile these non-GAAP financial measures to the most directly comparable GAAP financial measures.

Adjusted net income from continuing operations for the fourth quarter of 2017 was \$36.6 million, or \$0.84 per diluted share. The adjustments in the 2017 quarterly period relate to the benefit of the change in the federal income tax rate in future periods, a gain related to the

disposal of franchises, adjustments to physical damage accruals and charges related to fixed asset and franchise asset impairments and legal matters. Adjusted net income from continuing operations for the fourth quarter of 2016 was \$29.8 million, or \$0.66 per diluted share. The adjustments in the 2016 quarterly period relate to gains for a settlement with an original equipment manufacturer ("OEM") and the adjustment of physical damage loss accruals, offset partially by losses related to fixed asset impairments and lease exit charges.

Adjusted net income from continuing operations for the full year of 2017 was \$82.2 million, or \$1.85 per diluted share. The adjustments in the 2017 annual period relate to the benefit of the change in the federal income tax rate in future periods, gains related to the disposal of franchises and charges related to fixed asset and franchise asset impairments, debt refinance costs and legal matters. Adjusted net income from continuing operations for the full year of 2016 was \$92.3 million, or \$2.01 per diluted share. The adjustments in the 2016 annual period relate to gains for a settlement with an OEM, partially offset by charges related to physical damage losses, lease exit charges and fixed asset impairments.

#### Commentary

Jeff Dyke, the Company's Executive Vice President of Operations, noted, "It was another outstanding fourth quarter as we excelled in the execution of our business model. We are very excited about the progress our team continues to make in executing our playbooks across all areas of our business. It is also important to note that our EchoPark business grew by nearly 167%, or over 2,800 units, for the quarter. We sold over 10,600 units for the year with nearly 4,500 units retailed in the fourth quarter as our business model is accelerating volume at a rapid pace. This represents a 100% increase in volume for EchoPark year-over-year. We expect our EchoPark brand to sell in the range of 25,000 cars in 2018, more than doubling 2017 volume. In just a few years, the EchoPark brand has become nearly 20% of Sonic's total pre-owned volume, and, given the volume increase we are experiencing with our model, we fully expect EchoPark to eclipse the volume we currently produce in our Sonic franchised dealerships over the next few years."

- B. Scott Smith, the Company's Chief Executive Officer, noted, "We are proud to report all-time record revenues and gross profits in both the fourth quarter and full year of 2017. We value the partnerships we have with our manufacturers and their willingness and ability to continue to offer incentives driving the level of retail activity we've experienced. This level of retail activity enabled us to sell more vehicles than we ever have. We are also pleased to be able to return more capital to stockholders by increasing our quarterly dividend 20% to \$0.06 per share."
- B. Scott Smith continued, "Our plans in 2018 include growth in both our franchised and preowned businesses with several luxury open points being added in the Atlanta and Houston markets and multiple EchoPark openings in our Pre-Owned Stores Segment. In addition to the two EchoPark stores which have opened in the last 60 days in the San Antonio market, we expect to open a third store in San Antonio, two stores in the Charlotte market, and our first EchoPark store in Houston during 2018. The vast majority of our capital spending in 2018 will support the expansion of our EchoPark brand."
- B. Scott Smith added, "We are continually evaluating the landscape of human mobility and the risks and opportunities that are on the horizon that may reshape our business. We believe the dealership model will continue to serve as the primary resource for consumers

for quite some time, but as consumers gravitate toward and accept other sources of mobility, we want to position Sonic to participate in those offerings. This would include partnerships or relationships with ride hailing, fractional ownership, subscription service or manufacturer promoted programs that satisfy a customer demand or need."

#### 2018 Outlook

B. Scott Smith also noted, "We anticipate new vehicle industry volume to be between 16.75 million and 17.0 million units. We project diluted earnings per share from continuing operations for 2018 to be between \$2.21 and \$2.45 per share. This range includes the effect of projected results and expansion of our Pre-Owned Stores Segment, which includes EchoPark. We are projecting a loss related to our Pre-Owned Stores Segment for 2018 of between \$0.08 and \$0.12 per diluted share. Prior to the change in the federal income tax rate, we expected our annual effective income tax rate to range between 38% and 40% each year. Going forward, and included in our 2018 estimate, we expect our annual effective income tax rate to range between 26% and 28% each year. We will have additional comments on our 2018 outlook in our earnings call later today."

#### Dividend

Sonic's Board of Directors approved a quarterly dividend of \$0.06 per share payable in cash for our stockholders of record on March 15, 2018. The dividend will be payable on April 13, 2018.

#### Forward-Looking Statements

Included herein are forward-looking statements, including statements with respect to our 2018 earnings expectations, our projected annual effective income tax rate, 2018 new vehicle industry volume, projected results for our EchoPark brand, the anticipated expansion of both our franchised and pre-owned businesses in 2018 and our long-term strategy. There are many factors that affect management's views about future events and trends of the Company's business. These factors involve risks and uncertainties that could cause actual results or trends to differ materially from management's views, including without limitation, economic conditions in the markets in which we operate, new and used vehicle industry sales volume, the success of our operational strategies, the rate and timing of overall economic recovery or decline, and the risk factors described in the Company's Annual Report on Form 10-K for the year ended December 31, 2016. The Company does not undertake any obligation to update forward-looking information, except as required under federal securities laws and the rules and regulations of the Securities and Exchange Commission (the "SEC").

#### Non-GAAP Financial Measures

This press release and the attached financial tables contain certain non-GAAP financial measures as defined under SEC rules, such as adjusted net income from continuing operations and related earnings per diluted share, which exclude certain items disclosed in the attached financial tables. As required by SEC rules, the Company provides reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measures. The Company believes that these non-GAAP financial measures improve the transparency of the Company's disclosure, provide a meaningful presentation of the Company's results from its core business operations excluding the impact of items not related to the Company's ongoing core business operations, and improve the period-to-period comparability of the Company's results from its core business operations.

# Sonic Automotive, Inc. Results of Operations (Unaudited)

This release contains certain non-GAAP financial measures (the "Adjusted" amounts) as defined under SEC rules, such as, but not limited to, adjusted income from continuing operations and related earnings per share data. The Company has reconciled these measures to the most directly comparable GAAP financial measures (the "Reported" amounts) in the release. The Company believes that these non-GAAP financial measures improve the transparency of the Company's disclosure by providing period-to-period comparability of the Company's results from operations.
