# Second Quarter 2018 Results

# GAAP Basis

Net income from continuing operations for the second quarter of 2018 was \$17.1 million, or \$0.40 per diluted share. Comparatively, net income from continuing operations for the second quarter of 2017 was \$12.3 million, or \$0.27 per diluted share.

# Adjusted Basis

Adjusted net income from continuing operations and related earnings per diluted share are non-GAAP financial measures. The schedules included in this press release reconcile these non-GAAP financial measures to the most directly comparable GAAP financial measures.

Adjusted net income from continuing operations for the second quarter of 2018 was \$14.8 million, or \$0.35 per diluted share. The adjustments in the second quarter of 2018 relate to impairment charges, legal and storm damage charges and long-term compensation related charges, offset partially by gains on the disposal of franchises and adjustments to lease exit accruals. Adjusted net income from continuing operations for the second quarter of 2017 was \$17.9 million, or \$0.40 per diluted share. The adjustments in the second quarter of 2017 relate to fixed asset impairments, weather-related physical damage costs, legal matters and lease exit charges.

# **Commentary**

Heath Byrd, the Company's Chief Financial Officer, noted, "The second quarter of 2018 fell

short of our expectations as we experienced new vehicle gross compression in several of our more significant brands. We anticipate this compression to carry into the third quarter of 2018."

"We remain committed to our pre-owned EchoPark brand and continue to see improvements in that segment's operating performance. Based on current performance, we will continue to expand the EchoPark brand with new stores opening in Charlotte, North Carolina and Houston, Texas in the fourth quarter of this year."

"As a result of our performance thus far during 2018 and the current operating environment, we expect full year 2018 GAAP diluted earnings per share from continuing operations to be between \$1.65 and \$1.75. On an adjusted basis, we expect full year earnings per share from continuing operations to be between \$1.90 and \$2.00. The full year adjusted earnings per share range exclude items such as impairment charges, legal and storm damage charges, long-term compensation-related charges and lease exit adjustments, offset partially by gains from the disposal of franchises."

# <u>Dividend</u>

Sonic's Board of Directors approved a quarterly dividend of \$0.06 per share payable in cash for our stockholders of record on September 14, 2018. The dividend will be payable on October 15, 2018.
