Commentary

David Smith, Sonic's and EchoPark's Chief Executive Officer, commented, "Our second

quarter results reflect not only a dramatic operating improvement since the onset of COVID-19, but also an all-time record monthly profit in June. The record-setting momentum we saw during the month of June has continued throughout July to date.”

Mr. Smith continued, “We continue to offer our guests a transparent, guest-centric vehicle purchase experience, meeting their individual needs by offering an integrated online and on-site sales experience. To enable guests to choose their preferred buying approach, we are proud to announce an historic strategic partnership with Cox Automotive and Darwin Automotive to develop a first of its kind proprietary e-commerce platform and user interface. This digital retailing partnership will accelerate our EchoPark expansion plans and elevate the online retail guest experience on our franchised dealership websites and [EchoPark.com](https://www.EchoPark.com) beginning in the fourth quarter of 2020.”

Jeff Dyke, Sonic’s and EchoPark’s President, commented, “I am extremely proud of the way our team has responded to the challenges of the past few months and the positive impact they have had on our business. EchoPark has continued to see a v-shaped recovery in sales volume and improved profitability, surpassing our original pre-pandemic forecasts for the month of June. For the second quarter, EchoPark segment income increased 52%, demonstrating the leverage and profit potential of this model. Based on the significant success of EchoPark, we are accelerating EchoPark’s expansion. We expect EchoPark to sell over half a million vehicles annually by 2025, through a 140-point nationwide distribution network and expanded e-commerce capabilities, generating incremental revenue in excess of \$10 billion annually.”

Heath Byrd, Sonic’s and EchoPark’s Chief Financial Officer, commented, “We continue to manage expenses and capital expenditure levels in the short term to bolster our financial flexibility and address the challenges of COVID-19. These actions have been extremely successful in improving operational efficiencies and enhancing our overall profitability. Longer term, we remain committed to increasing revenues and maximizing profitability through further expansion of EchoPark, strategic growth of our franchised dealerships and more aggressive pursuit of new avenues for sales growth through omni-channel selling, including online, on-site and hybrid channels. In addition, we remain committed to reducing SG&A expenses by \$84 million annualized, on a go-forward basis, as compared to pre-COVID-19 levels.”
