said David Smith,  
CEO of Sonic

Automotive. “It is inspiring to see the creativity, energy, and fresh vision of our industry reflected in the mural submissions, and we are excited to share the winning designs with our guests and the Tampa community.”

The mural will be painted by local artist [Carlos Pons](#), and EchoPark Tampa partnered with Blake High School art teachers Molly Dressel and Linda Galgani to have their students participate in the contest.

“Community involvement is core to our business,” said Todd DeVoogel, EchoPark Tampa General Manager. “We felt that having a mural that was designed and executed by local students and a local artist would be a great project that interjects energy into the community.”

The painting of the mural begins this month and is expected to take 45 days to complete. All of the students who entered the contest will get a chance to participate in a day of painting the mural under the mentorship of Carlos Pons. EchoPark is also making a donation to Blake High School’s Art Department. The school’s curriculum includes a performing and visual arts magnet program in which any student in the Hillsborough County Public School district can audition to attend.

“EchoPark has been a tremendous partner in this project,” said Molly Dressel, Blake High School art teacher. “I’m so pleased that our students got the chance to participate in this creative way to express the intersection of travel (cars) and art.”

Carlos Pons is a painter and multimedia artist currently working in the Tampa Bay area. Born in Guatemala City, he is a self-taught artist whose work reflects the illusion of reality and the human experience. His murals can be seen throughout the Orlando and Tampa Bay areas.

EchoPark Automotive is owned by [Sonic Automotive, Inc.](#), a Fortune 500 Company and one of the nation’s largest automotive retailers.

An unveiling event for the EchoPark Tampa mural will be held once the piece is complete.
