

iCoreConnect Inc. Trades Under Symbol ICCT

WINDERMERE, FL, May 29, 2019 (GLOBE NEWSWIRE) -- via NEWMEDIAWIRE -- [iCoreConnect Inc.](#) (OTC:ICCT), a national provider of secure, HIPAA-compliant communications, as well as cloud-based practice management software, trades its common shares under the stock symbol "ICCT". iCoreConnect develops software that allows anyone to share information at the highest levels of security, backed by highly-engaged customer support.

iCoreConnect Board Member Sam Fortenbaugh states, "This is an important step for the company, its clients and investors. Under the leadership of President and CEO Robert McDermott, every product continues to evolve to fit the unique and critical needs of our customers."

Approximately 2,000 physicians and dentists helped design and develop iCoreExchange HIPAA-compliant email as well as iCoreMD and iCoreDental cloud-based practice management Electronic Health Records (EHR) software applications. "We are on a mission to generate better patient outcomes while increasing efficiency and productivity for healthcare providers," says McDermott. "iCoreConnect offers powerful, cloud-based and highly-secure tools to make managing healthcare delivery more accessible and less costly."

"Our customers often tell us that the 'one-size-fits-all' systems available in the marketplace today do not serve their needs," explains McDermott. "We offer them the ability to customize their software with only the modules they need. And, we keep the conversation open with our customers, allowing us to improve the software through cloud-based updates released approximately every four to six weeks."

All iCoreConnect healthcare industry applications meet the federal government's five Technical Safeguard laws for HIPAA-compliant communication. Its EHR applications have achieved certification by the federal government's Office of the National Coordinator of Health Information Technology (ONC).
