Stryve is an emerging healthy snacking and food company that manufactures, markets and sells highly differentiated healthy snacking and food products that Stryve believes can

disrupt traditional snacking and CPG categories. Stryve's mission is "to help Americans eat better and live happier, better lives." Stryve offers convenient products that are lower in sugar and carbohydrates and higher in protein than other snacks and foods.

Stryve's current product portfolio consists primarily of air-dried meat snack products marketed under the Stryve[®], Kalahari[®], Braaitime[®], and Vacadillos[®] brand names. Unlike beef jerky, Stryve's all-natural air-dried meat snack products are made of beef and spices, are never cooked, contain zero grams of sugar, and are free of monosodium glutamate (MSG), gluten, nitrates, nitrites, and preservatives. As a result, Stryve's products are Keto and Paleo diet friendly. Further, based on protein density and sugar content, Stryve believes that its air-dried meat snack products are some of the healthiest shelf-stable snacks available today.
