Weave Enhances Integration with DrChrono by EverHealth

Deeper integration unlocks powerful Weave features to improve patient experiences

LEHI, Utah--(BUSINESS WIRE)-- [Weave](#) (NYSE: WEAV), a leading all-in-one experience platform for small- and medium-sized healthcare businesses, today announced a new level of integration with DrChrono by EverHealth, a leading electronic health record (EHR) provider for medical practices. Building on the partnership between the companies, announced in late 2020, the updated integration allows healthcare providers to better manage their business through automation and optimization of tasks by unlocking the following Weave features:

Automated Data Sync: Keeps patient contact and appointment information current in Weave with daily updates from the DrChrono database.

Call Pop: Displays the patient's profile when they call into the practice, enabling staff to deliver more personalized communications.

Missed-call Text: Sends automated, personalized texts when a call is missed or goes to voicemail, helping manage high call volumes, and decreasing stress for office staff.

Email Marketing: Reactivates and engages potential patients with easy-to-use email marketing tools.

Digital Forms: Saves time for staff and improves data input accuracy by sending intake forms digitally before patients arrive at the office.

Online Scheduling: Provides a convenient way for patients to schedule appointments online. Weave adds confirmed appointments to the DrChrono schedule to ensure the practice calendar is always up to date.

Payments: Payments made with Weave write back to the DrChrono ledger automatically.
