Vuzix to Host Webinar with University of Louisville School of Medicine to Discuss Smart Glasses Usage in Healthcare During COVID-19 and Beyond

ROCHESTER, N.Y., Aug. 25, 2020 /PRNewswire/ -- [Vuzix® Corporation](#) (NASDAQ: [VUZI](#)), ("Vuzix" or, the "Company"), a leading supplier of Smart Glasses and Augmented Reality (AR) technology and products, today announced the Company will host a webinar with University of Louisville School of Medicine to discuss smart glasses usage in healthcare.

University of Louisville School of Medicine has successfully piloted Vuzix M400 Smart Glasses over the last several months for emergency response, medical education and training, and care of patients in nursing homes and aging in place. The upcoming webinar will feature presentations by Vuzix and Dr. R. Brent Wright, Associate Dean for Rural Health Innovation at the University of Louisville School of Medicine who recently served as the 169th President of the Kentucky Medical Association (KMA).

"Healthcare, has quickly emerged to become an important business segment for Vuzix, including telemedicine and telehealth solutions related to patient care, training and surgery, as well as providing technicians hands-free support within medical facilities," said Paul Travers, Vuzix President and Chief Executive Officer. "We are pleased with the successful piloting of our M400 Smart Glasses at University of Louisville School of Medicine, one of the

country's oldest and most innovative medical schools."

If you're interested in learning more about Vuzix Smart Glasses and how they are being used in healthcare, you can register for the upcoming webinar via the link below.
