One World Pharma Uplists to the OTCQB

LAS VEGAS, NV, Nov. 18, 2019 (GLOBE NEWSWIRE) -- via NEWMEDIAWIRE – **One World Pharma Inc. (OTC: OWPC)**, “OWP,” a fully licensed pure-play cannabis and hemp ingredient producer in Colombia, is pleased to announce that its common stock has been uplisted to the OTCQB platform, effective immediately.

Acceptance to the OTCQB will increase liquidity in the Company’s common stock and provide shareholders with greater access to the majority of broker-dealers who trade stocks on the OTCQB. Historically, ascension to the OTCQB has often been met with enhanced liquidity and visibility. The OTCQB is a venture market designed for early-stage and developing U.S. and international companies.

“We are most pleased to have reached this milestone and to have been accepted to trade on the OTCQB platform,” said Craig Ellins, Chief Executive Officer, One World Pharma. “Uplisting to the OTCQB allows us to have our corporate successes potentially recognized by a far greater constituency of brokers, analysts and individual investors and ultimately seek a listing on a major exchange.”
