ETHAN ALLEN REPORTS FOURTH QUARTER AND FISCAL YEAR ENDED JUNE 30, 2018 RESULTS

ETHAN ALLEN

DANBURY, CT - July 25, 2018 - Ethan Allen Interiors Inc. ("Ethan Allen" or the "Company") (NYSE: ETH) today reported operating results for the fiscal 2018 fourth quarter and full fiscal year ended June 30, 2018. Please refer to the accompanying financial statements and reconciliation to non-GAAP measures discussed below.

- GAAP Operating margin of 7.7% compared to 9.5% and adjusted operating margin of 7.9% compared to 9.5%

Full Fiscal Year 2018 compared to prior fiscal year:

- GAAP Operating margin of 6.4% compared to 7.6% and adjusted operating margin of 6.5% compared to 8.5%

- Generated \$42.5 million of cash from operating activities

- Repurchased \$22.0 million of the Company's shares

"Fiscal 2018 has been a year of major changes and improvements," said Farooq Kathwari, Chairman and CEO. "We strengthened our leadership in our vertically integrated business, undertook major product innovation, continued our retail transformation, and increased our spend in advertising, which reduced our EPS by about \$0.09 over the third and fourth quarters. We made infrastructure and technology investments to provide operational excellence and an expanded digital presence, enabling us to integrate personal services with technology—all under the umbrella of a socially responsible approach to business."

Mr. Kathwari continued: "During the fiscal year we were pleased to be an awardee of the GSA contract; however, our gross margins were under pressure due to new products for this contract and the short time to deliver. In addition, raw material costs increased during the year, further impacting our gross margins. Fortunately, these disruptions stabilized during

the fourth quarter. We ended the fiscal year with our backlogs well positioned, with the wholesale backlog increasing 19.3% compared to the prior year end and retail division backlog decreasing by 2.3% due to improvements in shipments. We are pleased with both our increase in sales and our earnings in the fourth quarter. Although our retail division written orders were lower in the fourth quarter, we believe we are well positioned to grow our sales and earnings as we move forward."

FISCAL 2018 FOURTH QUARTER FINANCIAL RESULTS:

Consolidated

Net sales were \$205.6 million for the three months ended June 30, 2018 compared to \$194.9 million for the same period in the prior year, an increase of 5.5%.

Gross profit was \$111.1 million for the three months ended June 30, 2018 compared to \$108.4 million in the comparable prior year period. Consolidated gross margin for the quarter was 54.1% compared to 55.6%. Retail sales as a percent of total consolidated sales was 75.9% for the quarter compared to 78.6% in the prior year quarter, decreasing our consolidated gross margin due to this reduced percentage.

Operating expenses for the three months ended June 30, 2018 were \$95.2 million or 46.3% of sales compared to \$89.8 million or 46.1% of sales in the comparable prior year period. This was primarily due to an increase in advertising costs.

Operating income for the three months ended June 30, 2018 was \$15.9 million or 7.7% of sales compared to \$18.6 million or 9.5% of sales in the comparable prior year period. Adjusted operating income for the three months ended June 30, 2018 was \$16.2 million or 7.9% of sales compared to \$18.6 million or 9.5% of sales in the comparable prior year period. The primary causes for the change in operating income was the increase in operating expenses. (See Exhibit 1 for a reconciliation of GAAP to non-GAAP presentation)

Income taxes were \$4.7 million for the three months ended June 30, 2018 and \$6.7 million in the comparable prior year period. The effective rate this quarter was 29.0% compared to 36.3%. The effective tax rate for the quarter was lower due to the 2017 tax act.

Net income was \$11.5 million or \$0.42 per diluted share for the three months ended June 30, 2018 and \$11.7 million or \$0.42 per diluted share in the prior year comparable period. Adjusted net income was \$11.6 million or \$0.43 per diluted share for the three months ended June 30, 2018 and \$11.6 million or \$0.42 per diluted share in the prior year comparable period. (See Exhibit 1 for a reconciliation of GAAP to non-GAAP presentation)

Retail Segment

Net sales for the three months ended June 30, 2018 were \$156.0 million compared to \$153.2 million in the prior year comparable period, an increase of 1.9% compared to the prior year. Comparative net sales were \$153.9 million compared to \$150.5 million in the prior year period. Comparable design centers are those which have been operating for at least 15 months, including relocated design centers provided the original and relocated design center location had been operating for at least 15 months on a combined basis.

Total written orders for the retail division for the fourth quarter of fiscal 2018 were down

10.8% compared to the same prior year period, and comparable Design Center written orders were down 11.4% over the same period.

Operating income was \$4.6 million for the three months ended June 30, 2018, a decline of \$0.8 million from \$5.3 million over the same prior year period.

Wholesale Segment

Net sales of \$127.3 million compared to \$114.3 million in the prior year quarter, an increase of 11.4%. The increase in sales is primarily due to increased shipments to the GSA and our international independent retailers.

Operating income of \$11.5 million compared to \$13.1 million in the prior year quarter. The decrease was largely due to the increase in current period operating expenses, primarily advertising, partly offset by increased sales volume.

FISCAL 2018 YEAR-TO-DATE FINANCIAL RESULTS:

Net sales for the year ended June 30, 2018 were \$766.8 million, an increase of 0.4% compared to \$763.4 million.

Gross profit was \$416.0 million for the year ended June 30, 2018 compared to \$419.7 million. Consolidated gross margin year-to-date was 54.2% compared to 55.0%. Adjusted gross margin was 54.2% compared to 55.8% in the prior year period. Retail sales as a percent of total consolidated sales was 76.6% year-to-date compared to 79.1% in the prior year period, decreasing our consolidated gross margin due to mix. (See Exhibit 1 for a reconciliation of GAAP to non-GAAP presentation).

Operating expenses for the year ended June 30, 2018 were \$367.1 million or 47.9% of sales compared to \$361.8 million or 47.4% of sales in the comparable prior year period.

Operating income for the year ended June 30, 2018 was \$48.9 million or 6.4% of sales compared to \$58.0 million or 7.6% of sales in the comparable prior year period. Adjusted operating margin of 6.5% compared to 8.5% in the prior year. Adjusted operating income for the year ended June 30, 2018 was \$50.1 million compared to \$65.0 million for the prior year. (See Exhibit 1 for a reconciliation of GAAP to non-GAAP presentation)

Income taxes year-to-date totaled \$12.7 million compared to \$20.8 million. Our effective tax rate was 25.9% in the period compared to 36.5%. The effective tax rate for the current year-to-date period was lower due to the 2017 tax act.

Net income of \$36.4 million compared to \$36.2 million, and excluding special items, adjusted net income was \$37.3 million for the current year and \$40.6 million in the prior year. Earnings per diluted share of \$1.32 compared to \$1.29, and excluding special items, adjusted EPS of \$1.35 compared to \$1.45. (See Exhibit 1 for a reconciliation of GAAP to non-GAAP presentation)

Balance Sheet and Cash Flow

Total debt of \$1.7 million decreased \$12.7 million from June 30, 2017 primarily due to a \$13.3 million early payoff of our term loan, reducing borrowings under our credit facility to

zero.

Total cash and cash equivalents of \$22.4 million decreased \$42.7 million from June 30, 2017, reflecting extinguishment of \$14.5 million of debt, paying out \$29.5 million in dividends and repurchasing \$22.0 million of the Company's shares.

Inventories of \$163.0 million increased by \$13.5 million from June 30, 2017, to support the order backlog and an expanded stocking program.

Capital expenditures were \$18.8 million fiscal year to date at June 30, 2018 compared to \$18.3 million for the same prior year period. Expenditures were primarily at retail design centers.

Dividends and share repurchases; During the year to date period ended June 30, 2018, we paid \$29.5 million of dividends, a 47.3% increase over the prior fiscal year.
