Twin Vee PowerCats Co. Seeing Industry Growth in Saltwater Catamaran Sales

FORT PIERCE, FL / ACCESSWIRE / July 14, 2023 / [Twin Vee PowerCats Co.](https://www.twinvee.com)

(NASDAQ:VEEE), ("Twin Vee" or the "Company"), a manufacturer, distributor, and marketer of power sport catamaran boats, today announced the saltwater catamaran segment of the recreational marine industry continues to grow in the Northeast and Southeast United States since the segment experienced a record-breaking number of sales in 2021. Based on recent data received from Northeast and Southeast markets, sales of saltwater catamarans ranging in size from 24 to 40 feet in length have grown by approximately 7% from May 2022 to May 2023 compared to the previous rolling 12-month period.

Whether it be buyers converting their old single-hull boats to multi-hull boats or first-time customers seeking out dynamic new power catamaran offerings, Joseph Visconti, CEO and President of Twin Vee PowerCats Co., believes buyers who are seeking out boating and fishing in record numbers are increasingly looking to power cats because of their room, ride comfort, and stability. "We've known for a while that power catamarans offer speed, stability, fishability, and a smooth ride in rough seas, making them attractive to prospective purchasers," states Visconti.

One of the Company's priorities has been designing and developing new models to introduce as many boaters, anglers, families, and marine enthusiasts to Twin Vee as possible to increase revenue. The Company is looking to continue the sales trend the saltwater catamaran segment has been experiencing with its latest product lineup.

For the 2024 Model Year, Twin Vee offers eleven distinct models ranging from 24 feet to 40 feet in length in both center and dual console configurations. "Our team has been working hard to expand our product line to help grow Twin Vee's market share. Boats like our all-new 280 DC GFX allow us to appeal to regions such as the Great Lakes, bays, and inland waterways. Moreover, we can attract customers looking for the crossover functionality of a dual console boat," explains Visconti. "Twin Vee intends to keep innovating and building the "Best Riding Boats on the Water™".
