"We are operating in unprecedented times, impacting the Liberty portfolio across the globe. Our companies in the live event space have been working with players, teams, bands, fans and government authorities to operate during social distancing and safely provide unique

and engaging experiences. We thank our employees and partners for their dedication, flexibility and leadership,” said Greg Maffei, Liberty Media President & CEO. “We were pleased to complete the reattribution between Formula One Group and Liberty SiriusXM Group in April. Liberty SiriusXM now includes Live Nation, a complementary business and an established leader in the entertainment space. SiriusXM posted solid first quarter results and the business is proving resilient. Formula One Group has a strengthened balance sheet which will enable us to enhance the F1 business and be opportunistic.”

Note on COVID-19

Liberty Media is monitoring and continues to assess the effects of the COVID-19 pandemic on its operations, wholly-owned businesses and various investments. The global spread of COVID-19 has prompted most local, state and federal government agencies, both domestically and internationally, to impose travel restrictions and local quarantines or stay at home restrictions to contain the spread. As a result, the business operations of Formula 1, the Atlanta Braves and Live Nation have been largely, if not completely, suspended. Although it is expected that these restrictions will eventually be loosened or fully lifted, the timing is uncertain and could change given the evolving circumstances. Liberty Media and our portfolio companies will continue to comply with the recommendations of various government agencies and focus on the safety of our employees, partners and customers.

Liberty Media, SiriusXM, Formula 1 and Braves Holdings are in compliance with all debt covenants as of March 31, 2020. Given the uncertain impacts of COVID-19, Formula 1 and Braves Holdings are monitoring their ability to comply with debt covenants in future periods and are in discussions with their respective lenders.

Corporate Updates

On April 22, 2020, Liberty Media completed the reattribution of certain assets and liabilities between the Liberty SiriusXM Group and the Formula One Group. Detailed information can be found in the press release and slide presentation issued April 23, 2020. In summary, \$1.5 billion of net asset value was reattributed from Formula One Group to Liberty SiriusXM Group, primarily including (i) Liberty’s interest in Live Nation, as well as associated Live Nation debt instruments and (ii) the 1.375% cash convertible note due 2023 (including a call spread), as well as intergroup interests in Formula One Group and Braves Group to offset the corresponding equity exposures underlying the notes. Similarly, \$1.5 billion of net asset value was reattributed from Liberty SiriusXM Group to Formula One Group, comprised of (i) a Live Nation call spread and (ii) net cash payment of \$1.4 billion, of which \$750 million was funded with an intergroup loan. Liberty intends to launch a subscription rights offering for shares of LSXMK to pay off the intergroup loan, which is expected to commence May 18, 2020 and expire June 2, 2020, subject to extension. The rights will be offered to all holders of record of Liberty SiriusXM Group tracking stock as of May 13, 2020. The rights offering will be made pursuant to a registration statement and prospectus related to the rights offering to be filed by Liberty Media with the Securities and Exchange Commission.

The reattribution is not reflected in Liberty Media’s first quarter financial results but will be reflected in the second quarter results on a prospective basis.

Discussion of Results

Unless otherwise noted, the following discussion compares financial information for the three months ended March 31, 2020 to the same period in 2019.

LIBERTY SIRIUSXM GROUP – The following table provides the financial results attributed to Liberty SiriusXM Group for the first quarter of 2020. In the first quarter, approximately \$9 million of corporate level selling, general and administrative expense (including stock-based compensation expense) was allocated to the Liberty SiriusXM Group.

The financial results above include the results of Pandora beginning February 1, 2019, the date SiriusXM completed the acquisition of Pandora. Pro forma results for SiriusXM including Pandora for all periods presented, including adjustments related to amortization of acquired intangible assets, depreciation of property and equipment, acquisition costs, fair value of gain or loss on the Pandora investment and associated tax impacts, can be found in Liberty Media's Form 10-Q for the quarter ended March 31, 2020.

SiriusXM is a separate publicly traded company and additional information about SiriusXM can be obtained through its website and filings with the Securities and Exchange Commission. SiriusXM reported its stand-alone first quarter results on April 28, 2020. For additional detail on SiriusXM's financial results for the first quarter, please see SiriusXM's earnings release posted to its Investor Relations website. For presentation purposes on page one of this release, we include the results of SiriusXM, as reported by SiriusXM, without regard to the purchase accounting adjustments applied by us for purposes of our financial statements. Liberty Media believes the presentation of financial results as reported by SiriusXM is useful to investors as the comparability of those results is best understood in the context of SiriusXM's historical financial presentation.

The businesses and assets attributed to Liberty SiriusXM Group as of April 22, 2020 consist primarily of Liberty Media's interests in SiriusXM, which includes its subsidiary Pandora, and Live Nation.

FORMULA ONE GROUP – The following table provides the financial results attributed to the Formula One Group for the first quarter of 2020. In the first quarter, the Formula One Group incurred approximately \$12 million of corporate level selling, general and administrative expense (including stock-based compensation expense).

"We are thankful to the FIA, teams, promoters, our employees and other key partners for their support and efforts during this challenging time," said Chase Carey, F1 Chairman and

CEO. “We are moving forward with our 2020 plans, while working to strengthen the long term future of Formula 1 through new technical, sporting and financial regulations that will further improve the competition and action on the track and make it a healthier business for all involved.”

Primary F1 revenue is comprised of (i) race promotion fees, (ii) broadcasting fees and (iii) advertising and sponsorship fees. Due to the outbreak of COVID-19, there were no F1 races held in the first quarter of 2020. F1 currently expects racing to commence in July and continue through December with a target calendar of 15 to 18 races. It is currently unknown at what point fans will be permitted to attend.

Since there were no events held during the first quarter of 2020, primary F1 revenue consisted only of the elements of sponsorship contracts associated with non-race related rights that were recognized during the period, and no race promotion fees nor broadcasting fees were recognized. Similarly, other F1 revenue decreased due to zero revenue recognized from the Paddock Club and other event-based activities and television production activities. We currently expect no races to take place in the second quarter of 2020.

Operating loss increased and Adjusted OIBDA⁽²⁾ decreased in the first quarter. There was no team payment expense recorded since such payments are recognized on a pro-rata basis across races on the calendar. Other cost of F1 revenue is largely variable in nature and relates directly to revenue opportunities. These costs decreased primarily due to no races taking place and the deferral of non-critical expenses. Certain costs were incurred during the first quarter in anticipation of the start of the 2020 race season, including freight, travel and technical costs relating to the Australian Grand Prix, which was cancelled on the eve of the event. Selling, general and administrative decreased due to lower expenditures for discretionary items such as marketing and lower personnel costs, partially offset by the effects of foreign exchange related losses. F1 implemented certain cost cutting measures, including salary reductions and UK government-supported furloughs affecting approximately 50% of its employee base, effective April 3, 2020, which did not impact first quarter results but will impact the second quarter.

F1's total net debt to covenant OIBDA ratio, as defined in F1's credit facilities for covenant calculations, was 6.0x as of March 31, 2020, as compared to a maximum allowable leverage ratio of 8.25x.

The Liberty SiriusXM Group holds an approximate 2.2% intergroup interest (5.3 million notional shares) in the Formula One Group as of April 30, 2020. These shares are not included in the outstanding share count of Formula One Group in Liberty Media's most recent Form 10-Q. Assuming the issuance of the shares underlying this intergroup interest, the Formula One Group outstanding share count as of April 30, 2020 would have been 237 million.

The businesses and assets attributed to the Formula One Group as of April 22, 2020 consist of Liberty Media's subsidiary F1 and other minority investments, including AT&T, and an inter-group interest in the Braves Group.

BRAVES GROUP - The following table provides the financial results attributed to the Braves Group for the first quarter of 2020. In the first quarter, approximately \$1 million of corporate level selling, general and administrative expense (including stock-based compensation expense) was allocated to the Braves Group.

Baseball revenue is comprised of (i) ballpark operations (ticket sales, concessions, corporate sales, retail, suites, premium seat fees and postseason), (ii) local broadcast rights and (iii) national broadcast rights, licensing and other shared MLB revenue streams. Development revenue is derived from the Battery Atlanta mixed-use facilities and primarily includes rental income. Due to the outbreak of COVID-19, MLB postponed the start of the 2020 season and shortened spring-training. It is currently unknown when the season will begin and, at such point, if fans will be allowed to attend.

Baseball revenue decreased in the first quarter of 2020 primarily driven by the postponement of the 2020 season and subsequent delay in recognizing local and national broadcasting revenue. The increase in development revenue was primarily driven by an increase in variable income at the retail portion of the Battery.

Operating loss decreased and Adjusted OIBDA increased in the first quarter driven by lower expenses. With the postponement of the 2020 season, operating expense decreased primarily due to the delay in recognition of player salaries, and selling, general and administrative expense decreased as a result of the delay in certain marketing initiatives.

The Formula One Group holds an approximate 11.3% intergroup interest (6.8 million notional shares) and the Liberty SiriusXM Group holds an approximate 3.8% intergroup interest (2.3 million notional shares) in the Braves Group as of April 30, 2020. These shares are not included in the outstanding share count of the Braves Group in Liberty Media's most recent Form 10-Q. Assuming the issuance of the shares underlying these intergroup interests, the Braves Group outstanding share count as of April 30, 2020 would have been 60 million.

The businesses and assets attributed to the Braves Group consist primarily of Liberty Media's subsidiary the Braves, which indirectly owns the Atlanta Braves Major League Baseball Club, six minor league baseball clubs and certain assets and liabilities associated with the Braves' ballpark and mixed-use development project.

Share Repurchases

From February 1, 2020 through April 30, 2020, Liberty SiriusXM Group repurchased approximately 345 thousand Series C Liberty SiriusXM shares (Nasdaq: LSXMK) at an average cost per share of \$43.65 for total cash consideration of \$15 million and repurchased approximately 518 thousand Series A Liberty SiriusXM shares (Nasdaq: LSXMA) at an average cost per share of \$49.24 for total cash consideration of \$26 million. The Liberty SiriusXM Group suspended its stock repurchase activity in March and will reevaluate the resumption of repurchases after the completion of the aforementioned rights offering, currently estimated to commence May 18, 2020 and expire June 2, 2020, subject to

extension.

From February 1, 2020 through April 30, 2020, Formula One Group purchased approximately 345 thousand Series C Liberty SiriusXM shares (Nasdaq: LSXMK) at an average cost per share of \$43.65 for total cash consideration of \$15 million and purchased approximately 518 thousand Series A Liberty SiriusXM shares (Nasdaq: LSXMA) at an average cost per share of \$49.24 for total cash consideration of \$26 million. The Formula One Group ceased its purchases of Liberty SiriusXM Group shares in March and does not plan to purchase any additional Liberty SiriusXM Group shares.

The total remaining repurchase authorization for Liberty Media as of May 1, 2020 is approximately \$1.2 billion and can be applied to repurchases of Series A and Series C shares of any of the Liberty Media Corporation tracking stocks.

(1) Includes \$120 million and \$52 million of cash, liquid investments and restricted cash held at SiriusXM as of December 31, 2019 and March 31, 2020, respectively.

(2) Includes restricted cash held in reserves pursuant to the terms of various financial obligations.

(3) Includes \$402 million and \$1,011 million of cash and liquid investments held at Formula 1 as of December 31, 2019 and March 31, 2020, respectively.

(4) Outstanding principal amount of Senior Notes with no reduction for the net unamortized discount.

(5) Face amount of the cash convertible notes and exchangeable debentures with no fair market value adjustment.

(6) Includes SiriusXM revolving credit facility, undrawn as of December 31, 2019 and March 31, 2020.

(7) Net debt to covenant OIBDA ratio of F1 operating business as defined in F1's credit facilities for covenant calculations.

Total cash, liquid investments and restricted cash attributed to Liberty SiriusXM Group decreased \$109 million in the first quarter as cash from operations at SiriusXM was more than offset by return of capital at both Liberty SiriusXM Group and SiriusXM, investments in debt and equity securities and capital expenditures. Included in the cash, liquid investments and restricted cash balance attributed to Liberty SiriusXM Group at March 31, 2020 is \$52 million held at SiriusXM. Although SiriusXM is a consolidated subsidiary, it is a separate public company with a significant non-controlling interest, therefore Liberty Media does not

have unfettered access to SiriusXM's cash balances. Liberty SiriusXM Group received \$42 million of dividends from SiriusXM during the quarter. Total debt attributed to Liberty SiriusXM Group was flat during the quarter.

Total cash and liquid investments attributed to the Formula One Group increased \$507 million during the quarter primarily due to cash from operations at F1, return of investment in an equity method affiliate and net borrowings during the quarter.

Total debt at Formula One Group increased \$343 million in the quarter due to a \$475 million draw down under F1's revolving credit facility, partially offset by the full repayment of the Live Nation margin loan on March 19, 2020. On March 27, 2020, Liberty amended the Live Nation margin loan and reduced the borrowing capacity to \$270 million. There are 53.7 million shares of Live Nation common stock pledged as collateral to the loan as of March 31, 2020. On May 7, 2020, F1 will fully repay the \$475 million balance drawn on its revolving credit facility using cash on hand, restoring the available capacity of \$500 million.

Total cash, liquid investments and restricted cash attributed to the Braves Group increased \$131 million during the quarter as cash from operations at the Braves and additional borrowing more than offset capital expenditures related to the mixed-use development. Total debt attributed to the Braves Group increased \$139 million during the quarter primarily due to draw downs on the team's revolving credit facilities. The second phase of the Battery Atlanta mixed-use development is currently on-time and on-budget. It is expected to cost approximately \$200 million, of which the Braves and affiliated entities have already funded approximately \$55 million in equity and \$30 million in debt, with approximately \$115 million incremental debt funding remaining.

Important Notice: Liberty Media Corporation (Nasdaq: LSXMA, LSXMB, LSXMK, FWONA, FWONK, BATRA, BATRK) President and CEO, Greg Maffei, will discuss Liberty Media's earnings release on a conference call which will begin at 10:00 a.m. (E.D.T.) on May 7, 2020. NON-GAAP FINANCIAL MEASURES

SCHEDULE 1

To provide investors with additional information regarding our financial results, this press release includes a presentation of Adjusted OIBDA, which is a non-GAAP financial measure, for the Liberty SiriusXM Group, the Braves Group and the Formula One Group, together with reconciliations to operating income, as determined under GAAP. Liberty Media defines Adjusted OIBDA as operating income (loss) plus depreciation and amortization, stock-based compensation, separately reported litigation settlements, restructuring, acquisition and other related costs and impairment charges.

Liberty Media believes Adjusted OIBDA is an important indicator of the operational strength and performance of its businesses by identifying those items that are not directly a reflection of each business' performance or indicative of ongoing business trends. In addition, this measure allows management to view operating results and perform analytical comparisons and benchmarking between businesses and identify strategies to improve performance. Because Adjusted OIBDA is used as a measure of operating performance, Liberty Media views operating income as the most directly comparable GAAP measure. Adjusted OIBDA is not meant to replace or supersede operating income or any other GAAP measure, but rather to supplement such GAAP measures in order to present investors with the same information that Liberty Media's management considers in assessing the results of operations and

performance of its assets.

The following table provides a reconciliation of Adjusted OIBDA for Liberty Media to operating income calculated in accordance with GAAP for the three months ended March 31, 2019 and March 31, 2020, respectively.

SCHEDULE 2

This press release also includes a presentation of adjusted EBITDA of SiriusXM, which is a non-GAAP financial measure used by SiriusXM, together with a reconciliation to SiriusXM's stand-alone net income, as determined under GAAP. SiriusXM defines adjusted EBITDA as net income before interest expense, income tax expense and depreciation and amortization. SiriusXM adjusts EBITDA to exclude the impact of other expense (income) as well as certain other charges discussed below. Adjusted EBITDA is a Non-GAAP financial measure that excludes or adjusts for (if applicable): (i) certain adjustments as a result of the purchase price accounting for the XM Merger and the Pandora Acquisition, (ii) predecessor net income

adjusted for certain expenses, including depreciation and amortization, other income (loss), and share-based payment expense for January 2019, (iii) share-based payment expense and (iv) other significant operating expense (income) that do not relate to the on-going performance of SiriusXM's business. SiriusXM believes adjusted EBITDA is a useful measure of the underlying trend of operating performance, which provides useful information about its business apart from the costs associated with its capital structure and purchase price accounting. SiriusXM believes investors find this Non-GAAP financial measure useful when analyzing past operating performance with current performance and comparing operating performance to the performance of other communications, entertainment and media companies. SiriusXM believes investors use adjusted EBITDA to estimate its current enterprise value and to make investment decisions. As a result of large capital investments in SiriusXM's satellite radio system, its results of operations reflect significant charges for depreciation expense. SiriusXM believes the exclusion of share-based payment expense is useful as it is not directly related to the operational conditions of its business. SiriusXM also believes the exclusion of the legal settlements and reserves, acquisition related costs, and loss on extinguishment of debt, to the extent they occur during the period, is useful as they are significant expenses not incurred as part of SiriusXM's normal operations for the period.

Adjusted EBITDA has certain limitations in that it does not take into account the impact to SiriusXM's statements of comprehensive income of certain expenses, including share-based payment expense and certain purchase price accounting for the XM Merger and the Pandora Acquisition. SiriusXM endeavors to compensate for the limitations of the Non-GAAP measure presented by also providing the comparable GAAP measure with equal or greater prominence and descriptions of the reconciling items, including quantifying such items, to derive the Non-GAAP measure. Investors that wish to compare and evaluate operating results after giving effect for these costs, should refer to net income as disclosed in SiriusXM's unaudited consolidated statements of comprehensive income. Since adjusted EBITDA is a Non-GAAP financial performance measure, SiriusXM's calculation of adjusted EBITDA may be susceptible to varying calculations; may not be comparable to other similarly titled measures of other companies; and should not be considered in isolation, as a substitute for, or superior to measures of financial performance prepared in accordance with GAAP. The reconciliation of net income to the adjusted EBITDA is calculated as follows:
