

**ANTERO MIDSTREAM CORPORATION
CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS
(Amended as of April 8, 2020)**

The Board of Directors (the “Board”) of Antero Midstream Corporation (the “Company”) has established the Audit Committee of the Board (the “Committee”) with authority, responsibility and specific duties as described in this Audit Committee Charter (this “Charter”).

I. Purposes

The purposes of the Committee are to:

- A. Oversee the accounting and financial reporting processes of the Company and audits of the Company’s financial statements;
- B. Assist the Board in fulfilling its oversight responsibilities regarding the:
 - Integrity of the Company’s financial statements;
 - Company’s compliance with legal and regulatory requirements;
 - Qualifications, independence and performance of the independent registered public accounting firm (“independent auditors”) engaged for the purpose of issuing an audit report on the Company’s financial statements or performing other audit, review or attest services for the Company; and
 - Effectiveness and performance of the Company’s internal audit function;
- C. Annually, prepare an Audit Committee Report and publish the report in the Company’s proxy statement for its annual meetings of stockholders, in accordance with applicable rules and regulations; and
- D. Perform such other functions as the Board may assign to the Committee from time to time.

II. Membership

Subject to applicable transition periods, the Committee must consist of not less than three members of the Board. All members of the Committee must be “independent” as defined by the rules of the Securities and Exchange Commission (“SEC”) and the listing requirements of the New York Stock Exchange (“NYSE”); *provided, however*, that this requirement is subject to applicable transition periods. Each member of the Committee must meet the experience requirements of the NYSE,

and at least one member of the Committee must be an “Audit Committee financial expert” (as defined by applicable rules of the SEC). Committee members may not simultaneously serve on the Audit Committees of more than two other companies registered with the SEC, unless the Board determines that such simultaneous service would not impair the ability of the member to effectively serve on the Committee and this determination is disclosed in accordance with NYSE rules. Notwithstanding the foregoing membership requirements, no action of the Committee will be invalid by reason of any such requirement not being met at the time such action is taken.

The members of the Committee and its Chairman will be selected by the Board, based on the recommendation of the Nominating & Governance Committee, and will serve at the pleasure of the Board. Any vacancy on the Committee will be filled by, and any member of the Committee may be removed by, an affirmative vote of a majority of the Board. If a Chairman has not been designated by the Board or is not present at a meeting, the Committee may designate a Chairman by majority vote of the Committee members then in attendance.

III. Authority and Responsibilities

The Committee is delegated all authority of the Board as may be required or advisable to fulfill the purposes of the Committee. Without limiting the generality of the preceding statements, the Committee has the authority, and is entrusted with the responsibility, to take the following actions:

A. Authority

The Committee has the authority to:

1. Conduct or authorize investigations into any matter, including, but not limited to, complaints relating to accounting, internal accounting controls or auditing matters, within the scope of the responsibilities delegated to the Committee as it deems appropriate, including the authority to request any officer, employee or advisor of the Company to meet with the Committee or any advisors engaged by the Committee.
2. Retain and determine funding for legal counsel, accounting experts and other advisors, including the sole authority to appoint or replace the independent auditors (subject, if applicable, to stockholder ratification), as it deems necessary or appropriate to fulfill its responsibilities. The Committee may also utilize the services of the Company’s regular outside legal counsel or other advisors to the Company. The Company must provide appropriate funding, as determined by the Committee, for payment of (a) compensation to any independent auditors engaged for the purpose of rendering or issuing an audit report or performing other audit, review or attest services for the Company; (b) compensation to any advisors employed by the Committee; and (c) ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.
3. Delegate to its Chairman, any one of its members or any subcommittee it may form, the responsibility and authority for any particular matter, as it deems appropriate from time to time under the circumstances.

B. *Responsibilities*

The Committee's responsibilities are limited to oversight. Although the Committee has the responsibilities set forth in this Charter, it is not the responsibility of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles ("GAAP") and applicable laws, rules and regulations. These are the responsibilities of management and the independent auditors.

The Committee will prepare an annual work plan outlining the activities to be undertaken throughout the year.

Interaction with the Independent Auditors

1. *Appointment and Oversight.* The Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditors hired for the purpose of issuing an audit report or performing other audit, review or attest services for the Company. The Committee and the independent auditors will discuss the firm's responsibilities and the responsibilities of management in the audit process. The independent auditors will report directly to the Committee and the Committee will routinely review such firm's performance. In addition, the Committee will oversee the resolution of any disagreements between management and the independent auditors regarding financial reporting.

The Committee will review the performance of the independent auditors, including its lead partner, at least annually. In connection with that review, the Committee will review the experience and qualifications of the independent auditors and its senior personnel that are providing audit service.

2. *Pre-Approval of Services.* Before the independent auditors are engaged by the Company or its subsidiaries to render audit or non-audit services, the Committee must pre-approve the engagement. The Committee may establish pre-approval policies and procedures for the approval audit and permitted non-audit services, and pre-approval of audit and non-audit services is not required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the Committee. The Chairman of the Committee has the authority to grant pre-approvals, provided such approvals are within the pre-approval policy and presented to the Committee at a subsequent meeting.
3. *Independence of Independent Auditors.* The Committee will, at least annually, review the independence and quality control procedures of the independent auditors and the experience and qualifications of the

independent auditors' senior personnel that are providing audit services to the Company. In conducting its review, the Committee will:

- a) Obtain and review a report prepared by the independent auditors describing (i) the firm's internal quality-control procedures and (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, involving one or more independent audits carried out by the firm, and any steps taken to address and respond to any such issues.
- b) Discuss with representatives of the independent auditors its independence from the Company, and obtain and review a written statement prepared by the independent auditors describing all relationships between the independent auditors and the Company, consistent with applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB") regarding the independent accountant's communications with the Committee concerning independence, and consider the impact that any relationships, including any relationships between the independent auditors and members of the Company's management, or services may have on the objectivity and independence of the independent auditors.
- c) If applicable, consider whether the provision by the independent auditors of any permitted information technology services or other non-audit services to the Company are compatible with maintaining the independence of the independent auditors.
- d) Confirm with the independent auditors that the firm is in compliance with the partner rotation requirements established by the SEC.
- e) Review and evaluate the lead partner of the independent auditors.

Annual Financial Statements and Annual Audit

1. *Meetings with Management, the Independent Auditors and the Internal Auditor.* The Committee will:
 - a) Meet with management and the independent auditors (including separately, as required) in connection with each annual audit to discuss the audit plan, scope of the audit, the significant procedures to be followed and the staffing of the audit.

- b) Review and discuss with management and the independent auditors:
 - (i) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (ii) any analyses prepared by management or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including analyses of the effects of alternative treatments of financial information within GAAP on the Company's financial statements; and (iii) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements.
- c) Review and discuss the annual audited financial statements with management and the independent auditors, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations."
- d) Review management's processes for ensuring the adequacy of internal controls over financial reporting and disclosure controls and procedures, including the Company's process for performing required certifications under Sections 302 and 906 of the Sarbanes-Oxley Act and, if applicable, the Company's annual assessment of the effectiveness of internal controls and the Independent Auditors' report on the Company's assessment.
- e) Discuss with management any earnings press releases (paying particular attention to the use of non-GAAP information) or earnings guidance distributed publicly. Such discussions may be in general terms (*i.e.*, discussion of the types of information to be disclosed and the types of presentations to be made).

2. *Separate Meetings with the Independent Auditors.* The Committee will:

- a) Review with the independent auditors any problems or difficulties the independent auditors may have encountered during the course of the audit work, including any restrictions on the scope of activities or access to required information or any significant disagreements with management and management's responses to such matters. Among the items that the Committee should consider reviewing with the independent auditors are: (i) any accounting adjustments that were noted or proposed by the independent auditors but were "passed" (as immaterial or otherwise); (ii) any communications between the audit team and the independent auditor's national office respecting auditing or accounting issues presented by the

engagement; and (iii) any “management” or “internal control” letter issued, or proposed to be issued, by the independent auditors to the Company. The Committee will obtain from the independent auditors assurances that Section 10A(b) of the Securities Exchange Act of 1934, as amended has not been implicated. The review should also include discussion of the responsibilities, budget and staffing of the Company’s internal audit function.

- b) Discuss with the independent auditors the report that such firm is required to make to the Committee regarding: (i) all accounting policies and practices to be used that the independent auditors identify as critical; (ii) all alternative treatments of financial information within GAAP for policies and practices related to material items that have been discussed among management and the independent auditors, including the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors; and (iii) all other material written communications between the independent auditors and management of the Company, such as any management letter, management representation letter, reports on observations and recommendations on internal control over financial reporting, the independent auditors’ engagement letter, the independent auditors’ independence letter, schedule of unadjusted audit differences and a listing of adjustments and classifications not recorded, if any.
 - c) Before the issuance of the audit report, discuss with the independent auditors matters required by applicable auditing standards.
 - d) Request the independent auditors to provide relevant information about any PCAOB inspections into the audit of the Company.
3. *Recommendation to Include Financial Statements in Annual Report.* The Committee will, based on the review and discussions above, determine whether to recommend to the Board that the audited financial statements be included in the Company’s Annual Report on Form 10-K.

- c) Discuss with management any earnings press releases (paying particular attention to the use of non-GAAP information) or earnings guidance distributed publicly. Such discussions may be in general terms (*i.e.*, discussion of the types of information to be disclosed and the types of presentations to be made).
- d) Conduct a private session with the independent auditors in connection with the issuance of each quarterly report to the SEC.

Internal Audit

1. *Appointment and Removal.* The Committee will review and advise the Board on the selection and removal of the internal auditor.
2. *Audit Plan.* Annually the Committee will review with the internal auditor the internal audit charter and the annual internal audit plan. The committee will periodically review reports from the internal auditor about his/her findings, recommendations, and responses from management for audits as they are completed.

4. *Separate Meetings with the Internal Auditor.* The Committee will periodically meet separately with the Company's internal auditor to discuss responsibilities, budget and staffing of the Company's internal audit function and any issues that the internal auditor believes warrant the Committee's attention. In addition, the Committee will discuss with the internal auditor any significant reports to management prepared by the internal auditor and any responses from management.
