Patriot Glass Solutions, a Division of C-Bond Systems, Receives \$95,000 Purchase Order for the Installation of Bird Strike Film

This Specialized Safety Film Offered by Patriot Glass Solutions Helps Prevent Injury/Death to Birds and Possible Damage to Property

HOUSTON, Nov. 10, 2021 (GLOBE NEWSWIRE) -- [C-Bond Systems](#) (the "Company" or "C-Bond") (OTC: CBNT), a nanotechnology solutions company, today announced its Patriot Glass Solutions division has received a \$95,000 purchase order to install bird strike film at a Texas community college. Patriot Glass expects to commence installation for the project, which is an extension of its safety and security film offerings, this month.

Bird strike film, which is also known as fritted window film, is specifically designed safety film with line or dot patterns (which are barely visible to the human eye) to allow birds to see reflective windows that otherwise appear invisible, thereby preventing injury or death for the birds as well as possible damage to property.

Michael Wanke, President of Patriot Glass Solutions, stated, "Bird strike film is yet another example of the broad variety of specialty window films we offer to customers. Many people don't realize the importance of bird strike films in saving potentially hundreds of millions of birds, which are an important part of our ecosystem, each year from mistakenly flying into buildings. This is an extremely common problem that is greatly helped by the installation of bird strike film."

Patriot Glass Solutions protects personal, commercial and government property from looting, rioting, break-ins, and gunfire. Its leading products are [C-Bond BRS](#), a ballistic-resistant film system, and [C-Bond Secure](#), a multi-purpose glass strengthening primer and window film mounting solution that deters forced entry, as well as other types of specialized window film including solar or "green" film, anti-eavesdropping film, graffiti control film, bird strike film, decorative film, and more.

About C-Bond

C-Bond Systems, Inc. (OTC: CBNT) is a Houston-based nanotechnology company and marketer of the patented and patent-pending C-Bond technology, which is independently proven to strengthen glass in automotive and structural applications. The Company's Transportation Solutions Group sells C-Bond nanoShield, a liquid solution applied directly to automotive windshields, primarily through distributors. The Company's Patriot Glass Solutions sells ballistic-resistant glass solutions and forced entry deterrent solutions directly to private enterprises, schools, and government agencies, primarily through its majority-

owned subsidiary, A1 Glass Coating. The Company also sells MB-10 Tablets, a disinfection product on EPA's List N. For more information, please visit our website: www.cbondsystems.com, Facebook: <https://www.facebook.com/cbondsys/> and Twitter: <https://twitter.com/CBondSys>.

Forward-Looking Statements

Statements in this press release about our future expectations, including the likelihood that Patriot Glass expects to commence installation for the project this month; constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and as that term is defined in the Private Litigation Reform Act of 1995. Such forward-looking statements involve risks and uncertainties and are subject to change at any time, and our actual results could differ materially from expected results. These risks and uncertainties include, without limitation, the Company's ability to successfully commercialize its products; the effect of the COVID-19 global pandemic on the Company's and its customers' ability to operate; the Company's and its customers' ability to source materials; the Company's ability to raise capital; as well as other risks. Additional information about these and other factors may be described in the Company's filings with the Securities and Exchange Commission ("SEC") including its Form 10-K filed on April 14, 2021, its Forms 10-Q filed on August 16, 2021, May 14, 2021, and November 16, 2020, and in future filings with the SEC. The Company undertakes no obligation to update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this statement or to reflect the occurrence of unanticipated events, except as required by law.
