Volcon, Inc. Announces Proposed Underwritten Public Offering

AUSTIN, TX / ACCESSWIRE / September 14, 2023 /Volcon Inc. (NASDAQ:VLCN), ("Volcon" or the "Company"), the first all-electric, off-road powersports company, today announced that it has commenced an underwritten public offering of shares of its securities. The Company intends to use the net proceeds from the Offering for general corporate purposes, including working capital, operating expenses and capital expenditures. The Offering is subject to market conditions, and there can be no assurance as to if or when the Offering may be completed, or as to the actual size or terms of the Offering.

In addition, the Company expects to grant Aegis Capital Corp. a 45-day option to purchase additional shares of Common Stock of up to 15% of the number of shares of Common Stock (or pre-funded warrants, as applicable) sold in the Offering solely to cover over-allotments, if any.

Aegis Capital Corp. is acting as the sole book-running manager for the Offering.

This Offering is being made pursuant to an effective shelf registration statement on Form S-3 (No. 333-269644) declared effective by the U.S. Securities and Exchange Commission (the "SEC") on March 21, 2023. A preliminary prospectus supplement and accompanying shelf prospectus ("Shelf Prospectus") describing the terms of the Offering will be filed with the SEC and will be available on the SEC's website located at <http://www.sec.gov>. Electronic copies of the preliminary prospectus supplement (together with the final prospectus supplement for this Offering, the "Prospectus Supplement") and the accompanying Shelf Prospectus may be obtained, when available, by contacting Aegis Capital Corp., Attention: Syndicate Department, 1345 Avenue of the Americas, 27th Floor, New York, NY 10105, by email at syndicate@aegiscap.com, or by telephone at (212) 813-1010.

Before investing in this Offering, interested parties should read, in their entirety, the prospectus supplement and the Shelf Prospectus and the other documents that the Company has filed with the SEC pertaining to the Offering and that are incorporated by reference in the Prospectus Supplement and the Shelf Prospectus, which provide more information about the Company and such Offering.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

About Volcon

Based in the Austin, Texas area, Volcon was founded as the first all-electric powersports company producing high-quality and sustainable electric vehicles for the outdoor community. Volcon electric vehicles are the future of off-roading, not only because of their environmental benefits, but also because of their near silent operation, which allows for a more immersive

outdoor experience.

Volcon's 2023 vehicle roadmap includes both motorcycles and UTVs hitting the market in North America. Its first product, the innovative Grunt, has been shipping to customers since late 2021 and combines a fat-tired physique with high-torque electric power and a near-silent drive train. Volcon just announced the launch of the Grunt EVO, an evolution of the original Grunt with a belt drive, an improved suspension and seat. Volcon also just announced the launch of the Runt LT, which is a fun-sized version of the groundbreaking Grunt, is better suited for small statured riders, more compact properties and trails, or as a pit bike at race events, while still delivering robust off-road capabilities. The Brat is Volcon's first foray into the wildly popular eBike market for both on road and off-road riding and is currently being delivered to dealers across North America. Volcon is also launched and is currently delivering the Volcon Youth Line of dirt bikes for younger riders between the ages of 4 to 11. Volcon recently launched the Stag and entered the rapidly expanding UTV market. The Stag empowers the driver to explore the outdoors in a new and unique way that gas-powered UTVs cannot. The Stag offers the same thrilling performance of a standard UTV without the noise (or pollution), allowing the driver to explore the outdoors with all their senses.

Forward-Looking Statements

Some of the statements in this release are forward-looking statements, which involve risks and uncertainties. Forward-looking statements in this press release include, without limitation, statements about the anticipated completion and timing of the Offering and the anticipated use of net proceeds therefrom. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable as of the date made, expectations may prove to have been materially different from the results expressed or implied by such forward-looking statements. The Company has attempted to identify forward-looking statements by terminology including "believes," "estimates," "anticipates," "expects," "plans," "projects," "intends," "potential," "may," "could," "might," "will," "should," "approximately" or other words that convey uncertainty of future events or outcomes to identify these forward-looking statements. These statements are only predictions and involve known and unknown risks, uncertainties, and other factors. Any forward-looking statements contained in this release speak only as of its date. The Company undertakes no obligation to update any forward-looking statements contained in this release to reflect events or circumstances occurring after its date or to reflect the occurrence of unanticipated events. More detailed information about the risks and uncertainties affecting the Company is contained under the heading "Risk Factors" in the Company's Annual Report on Form 10-K

and subsequently filed Quarterly Reports on Form 10-Q filed with the SEC, which are available on the SEC's website, www.sec.gov.
