Empery Digital Secures Additional Capital to Fund Share Repurchases

Empery Digital Executed a \$50 Million Master Repurchase Agreement to Refinance its Existing Facility and Repurchase Additional Shares at Prices Below Net Asset Value

Empery Digital Has Repurchased Over 3.5 Million Shares

AUSTIN, Texas--(BUSINESS WIRE)-- Empery Digital Inc. (NASDAQ: EMPD) (the “Company” or “Empery Digital”) today announced that it has increased its previously announced committed borrowing facility from \$25 million to \$35 million (the “Borrowing Facility”). Additionally, the Company entered into a \$50 million borrowing pursuant to a Master Repurchase Agreement with a term of approximately one year (the “Repurchase Agreement”) that will be funded within five business days. The amount borrowed pursuant to the Repurchase Agreement will be used to repay the Borrowing Facility in full with zero prepayment fees and provide incremental capital for share repurchases.

As of September 18, 2025, the Company has repurchased 3,522,233 shares of its common stock under its \$100 million share repurchase program, at an average purchase price per share of \$7.35, including all fees and commissions. This represents approximately the maximum number of shares permitted to be repurchased in the open market pursuant to applicable securities laws since August 18, 2025. Following these repurchases, approximately \$74 million remains available for future repurchases under the Company’s existing share repurchase program.

Management remains committed to increasing bitcoin per share for its shareholders through accretive share repurchases at prices below net asset value (NAV).
