Empery Digital Announces Update on Share Repurchase Program

Empery Digital Has Repurchased Over 5.9 Million Shares

AUSTIN, Texas--(BUSINESS WIRE)-- Empery Digital Inc. (NASDAQ: EMPD) (the “Company” or “Empery Digital”) today announced an update on its previously authorized share repurchase program.

As of October 3, 2025, the Company has repurchased 5,911,309 shares of its common stock under its \$100 million share repurchase program, at an average purchase price per share of \$7.55, including all fees and commissions. This represents approximately the maximum number of shares permitted to be repurchased in the open market pursuant to applicable securities laws since August 18, 2025. Following these repurchases, approximately \$55 million remains available for future repurchases under the Company’s existing share repurchase program.

Since August 18, 2025, the Company has repurchased over 11% of its outstanding shares¹ and increased the net asset value (NAV) per outstanding share by 7.2% relative to bitcoin spot price appreciation of 5.2% over the same period. Management remains committed to increasing bitcoin per share through accretive share repurchases at prices below NAV to continue to generate value for its shareholders.
