

IM CANNABIS CORP.
STOCK TRADING POLICY

IM CANNABIS CORP.
STOCK TRADING POLICY

1. Purpose of this Policy

The board of directors (the “**Board**”) of IM Cannabis Corp. (the “**Company**”) has adopted this Stock Trading Policy (the “**Policy**”), which is designed to provide guidance to the directors, officers and employees of the Company and its subsidiaries (who are referred to collectively in this Policy as “**Company Personnel**”) with respect to stock trading. This Policy aims to assist Company Personnel in understanding their obligations and responsibilities under applicable securities laws and the rules and regulations of all exchanges on which the securities of the Company are listed for trading. The ultimate responsibility to avoid improper trading and compliance with applicable law rests with each individual. This Policy has been adopted in order to protect the reputation of the Company and to protect it and Company Personnel from any potential liability.

The provisions of this Policy will be supplemented by any greater prohibitions or restrictions prescribed by any applicable laws or and any exchanges on which the securities of the Company are listed for trading.

2. Application of this Policy

All Company Personnel are required to review and comply with this Policy.

Company Personnel are responsible for ensuring that their Related Persons comply with this Policy, as applicable. For purposes of this Policy, “**Related Persons**” means, in relation to any individual, a member of his or her immediate family residing in the same household (including children temporarily living away from home while attending school), any entity in which the individual or his or her immediate family have an economic or personal interest and anyone acting on that individual’s behalf or on behalf of his or her immediate family or on behalf of that entity.

3. Prohibited Activities and Blackout Periods

(a) **Securities**

For purposes of this Part 3, the term “**security**” includes:

- (a) a put, call, option or other right or obligation to purchase or sell securities of the Company;
- (b) a security, the market price of which varies materially with the market price of the securities of the Company; and
- (c) a derivative that is related to a security of the Company because the derivative’s market price, value, delivery obligations, payment obligations or settlement obligations are, in a material way, derived from, referenced to or based on the market price, value, delivery obligations, payment obligations or settlement obligations of the security of the Company.

(b) **Prohibition on Insider Trading**

Securities legislation prohibits “**persons in a special relationship with the Company**” (as defined in Appendix A to this Policy) from purchasing or selling securities of the

Company with knowledge of a “material fact” or “material change” about the Company that has not been “generally disclosed”. This prohibited activity is commonly known as “insider trading”. Company Personnel are prohibited from trading in securities of the Company or any third party about which they have material non-public information until that information has been fully disclosed and at least one clear and full trading day has elapsed, in order for the information to be disseminated effectively to the public markets. Company Personnel should consult the General Counsel of the Company for guidance on what constitutes “material information”.

(c) **Prohibition on Tipping**

Securities legislation also prohibits the Company and any persons in a special relationship with the Company from informing, other than in the “necessary course of business”, anyone of a material fact or a material change before that “material information” has been generally disclosed. This prohibited activity is commonly known as “tipping”.

The tipping provisions generally apply to persons in a special relationship with the Company. Persons in a special relationship include, but are not limited to, anyone (a “**tippee**”) who learns of material information from someone that the tippee knows or should know is a person in a special relationship with the Company.

The “special relationship” definition is broad. The tipping prohibition is not limited to communications made by senior management, investor relations professionals and others who regularly communicate with analysts, institutional investors and market professionals. The tipping prohibition applies, for example, to unauthorized disclosures by non-management Company Personnel.

There is a potentially infinite chain of tippees who are caught by the prohibitions against tipping and insider trading. Because tippees are themselves considered to be in a special relationship with the Company, material information may be third or fourth hand and still be subject to the prohibitions.

(d) **Prohibition on Speculation**

Purchases of the Company’s securities should be for investment purposes only and not for short-term speculation. All dealings in puts and calls, all short sales and all buying or selling on the market with the intention of quickly reselling or buying back at a profit are prohibited. In addition, trading in securities of other public companies with the knowledge that the Company is contemplating or engaged in acquiring that company or its securities or negotiating significant business arrangements with that company is prohibited. These prohibitions apply to all Company Personnel and their Related Persons.

Furthermore, Reporting Insiders are strongly discouraged from: (i) purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities of the Company granted as compensation or held, directly or indirectly, by them; or (ii) forward selling securities that may be delivered in the future upon the exercise or redemption of securities granted under the Company’s security-based incentive award plans, or otherwise monetizing those securities, if the interest of the Reporting Insider in those securities has not yet vested.

(e) **Prohibition on Margin Accounts**

Securities held in a margin account can present problems if the individual does not have sufficient funds to meet a margin call and the securities are sold by the broker. Because such a sale may occur at a time when the individual is in possession of material non-public information or when otherwise not permitted to trade in the Company's securities, Company Personnel and their Related Persons are prohibited from operating margin accounts for the purpose of purchasing or holding the Company's securities, except with the prior approval of Company management.

(f) **Use of Discretionary Accounts**

Company Personnel and their Related Persons who have a discretionary account with a broker must advise their broker in writing that there are to be no purchases or sales of the Company's securities by that discretionary account without first discussing it with that person in order to ensure compliance with this Policy and insider trading laws.

(g) **Stock Option Plan**

No stock options shall be issued or granted under the Company's Stock Option Plan (the "**Plan**") during a blackout period or where the either Board or management of the Company possess material non-public information. Elections to participate or changes in participation with respect to stock options issued pursuant to the Plan cannot be made at any time when in possession of material non-public information.

(h) **Trades in Securities of Supplier Companies**

Company Personnel are prohibited from purchasing shares in supplier companies and their subsidiaries or direct affiliates if the Company's relations with those suppliers could be considered to have a material impact on the securities of those suppliers.

(i) **Quarterly Blackout Periods**

The Company's securities may not be purchased or sold by Company Personnel or their Related Persons during the period beginning on the tenth (10th) calendar day after the end of each fiscal quarter and ending at the end of the first clear and full trading day following the date on which Company's quarterly financial results or annual results are made public by news release. This period is referred to as a "**quarterly blackout period**". The period starting after the first clear and full trading day following the news release until the start of the next quarterly blackout period is referred to as a "**trading window**". For clarification, no trading is permitted even during a trading window if an individual is in possession of material non-public information. The duration of the quarterly blackout period is subject to amendment at the discretion of the Board from time to time.

(j) **Exercising Options**

Company Personnel are prohibited from exercising options during a blackout period or if the option holder is in possession of any material non-public information concerning the Company or its subsidiaries.

If permitted under the Company's Plan, if the expiration date of an option would otherwise fall within a blackout period, the expiration date of an option can be extended to no later than ten (10) business days after the expiry of the blackout period.

(k) **Special Blackout Periods**

Other “**special blackout periods**” may be prescribed from time to time by the Company as a result of special circumstances relating to the Company which could give rise to material information. Everyone with knowledge of that material information will be subject to the special blackout period. In the case of a special blackout period, involved individuals will be informed by Company management. No person subject to a special blackout period may disclose to anyone that a special blackout period has been designated.

(l) **Quiet Periods**

The Company observes a quarterly quiet period, during which no earnings guidance or comments with respect to the current quarter's operations or expected results will be provided to analysts, investors or other market professionals. The quiet period begins on the 10th calendar day after the end of each fiscal quarter and ends at the end of the first clear and full trading day following the quarterly financial results or annual results being made public by news release.

The Company does not need to stop all communications with analysts or investors during the quiet period. However, communications should be limited to responding to inquiries concerning publicly available or non-material information. The purpose of this quiet period is to avoid the potential for, or perception of, selective disclosure.

4. **Insider Reporting Requirements**

(a) **Reporting Requirements for Reporting Insiders**

Reporting Insiders are required to comply with all laws and reporting requirements applicable to them.

Under Canadian securities laws, Reporting Insiders are generally required to disclose to applicable regulatory authorities the fact of becoming a Reporting Insider. Thereafter, Canadian securities laws require a Reporting Insider to disclose any change in direct or indirect beneficial ownership of, or control or direction over, securities and any change in any interest in, or right or obligation associated with, a related financial instrument. Reporting Insiders must file an insider report electronically through the “System for Electronic Disclosure by Insiders” (“**SEDI**”), usually within five (5) calendar days after the trade occurs.

A “**related financial instrument**” generally means an agreement, arrangement or understanding to which a Reporting Insider is a party, the effect of which is to alter, directly or indirectly, the Reporting Insider's economic interest in a security of the Company or economic exposure to the Company.

It is the Company's policy that all Reporting Insiders include in their insider reports all securities of the Company that their Related Persons have direct or indirect beneficial ownership of, or control or direction over.

(b) **Procedure for Reporting**

Filing of insider, or similar, reports as may be required by applicable law is the responsibility of each Reporting Insider. However, the Company will provide advice and assistance with respect to those filings.

5. Monitoring Compliance

(a) **Initial Certification of Compliance with Stock Trading Policy**

The Company expects compliance with this Policy and applicable laws by all Company Personnel. In order to ensure knowledge and understanding of this Policy, all Company Personnel will be required to sign a certificate concerning compliance with this Policy upon commencement of employment.

(b) **Periodic Certification of Compliance with Stock Trading Policy**

In order to ensure ongoing compliance with this Policy and with applicable laws, all Company Personnel may be required to sign a certificate concerning compliance with this Policy periodically.

(c) **Periodic Survey of Reporting Insiders**

Periodically, Company management may request confirmation from Reporting Insiders as to whether reported results remain current. This monitoring is intended to assist the Company and Reporting Insiders to detect any inadvertent breaches of this Policy and to remedy those situations promptly.

(d) **Reporting of Non-Compliance**

Any Company Personnel who violates the prohibitions against insider trading and/or tipping, or knows of such violation by any other persons, must report the violation immediately to Company management and General Counsel.

(e) **Compliance Responsibilities**

The General Counsel oversees compliance with the Policy, including the following responsibilities:

- (i) administering this Policy and monitoring and enforcing compliance with its provisions, including:
 - (A) monitoring reporting by Reporting Insiders (see Section 5(c)); and
 - (B) upon learning of any violation of the prohibitions against insider trading or tipping, determining what measures the Company should take, if any;

- (x) reporting to the Board on all matters that arise with respect to this Policy and the Company's procedures relating to this Policy;
- (xi) seek necessary and appropriate legal advice from time to time from the Company's external legal advisors; and
- (xii) such other responsibilities as may be delegated to the General Counsel by the Board from time to time.

The General Counsel may designate one or more individuals who may perform certain of its duties.

6. Consequences of Non-Compliance

(a) Civil, Quasi Criminal and Criminal Liability

Violation of insider trading and tipping prohibitions can result in severe consequences under applicable securities, corporate and criminal laws,, including fines, civil liability and imprisonment.

(b) Disciplinary Sanctions

Violation of this Policy or insider trading laws or tipping prohibitions by any Company Personnel may subject that person to disciplinary action by the Company, up to and including termination.
