Message Logic's MLArchiver Achieves VMware Ready - vCloud Air Status Under Access Tier in vCloud Air ISV Partner Program

GARDEN CITY, NY -- (Marketwired) -- 08/26/14 -- Message Logic today announced that its MLArchiver has achieved VMware Ready® - vCloud® Air™ status. This designation indicates that MLArchiver has undergone technical validation within the vCloud Air environment, and is supported on VMware vCloud Air.

"We are pleased that Message Logic's MLArchiver has joined the vCloud Air ISV Partner Program and has achieved VMware Ready® - VMware vCloud® Air™ status. Message Logic is one of the first partners to complete certification and achieve this status. MLArchiver qualifies for the VMware Ready - vCloud Air logo, signifying to customers that it works seamlessly within VMware vCloud Air, and can be deployed in production with confidence," said Sanjay Katyal, vice president, Global Strategic Alliances & OEMs, VMware.

Additionally Message Logic is a member of the access tier of the vCloud Air ISV Partner Program and is listed on the VMware Solution Exchange.

"By using MLArchiver on vCloud Air, enterprises can easily meet their email archiving requirements to retain messages as records for regulatory, legal and corporate governance purposes while benefiting from a secure, agile cloud environment designed to meet their long term needs," said Stephen Catanzano, executive vice president at Message Logic.

The VMware Ready program is a co-branding benefit of the [Technology Alliance Partner \(TAP\) program](#) that makes it easy for customers to identify partner products certified to work with VMware cloud infrastructure. Customers can use these products and solutions to lower project risks and realize cost savings over custom built solutions. With thousands of members worldwide, the VMware TAP program includes best-of-breed technology partners, with the shared commitment to bring the top expertise and business solution for each unique customer need.

Message Logic's MLArchiver can be found within the online VMware Solution Exchange (VSX) at https://solutionexchange.vmware.com/store/products/94747#.U_ySgEt1FIB. Free trials and demonstrations are also available at <http://www.messagelogic.net/models/mlarchiver-vmware-vcloud>.
