## The Joint Chiropractic Named A "Top Growth Franchise" By Entrepreneur Magazine

SCOTTSDALE, Ariz., Dec. 10, 2020 /PRNewswire/ -- The Joint Corp. (NASDAQ: JYNT), the nation's largest provider of chiropractic care through *The Joint Chiropractic*® network, was recently ranked in *Entrepreneur* magazine's first Top Growth Franchises list. This list recognizes the 150 companies with the greatest positive franchise unit growth in North America over a three-year period, based on data submitted for *Entrepreneur's* Franchise 500® ranking. The Joint Chiropractic was ranked #59.

"Our rank among many incredible brands on *Entrepreneur's* first ever Top Growth Franchises list highlights The Joint Chiropractic's continued development momentum and value proposition as a strong business model," said Peter D. Holt, President and CEO of The Joint Corp. "Our strategy to expand the chiropractic market through retail storefronts continues to build our brand and attract new patients as we march toward our goal of reaching 1,000 units by the end of 2023."

To determine the 2020 Top Growth Franchises ranking, *Entrepreneur* looked at each company's U.S. and Canadian franchise numbers over a three-year period (from July 2016 to July 2019; given the rapid changes, COVID-19 impacts weren't taken into account). In order to qualify, companies had to have positive growth of at least five units each year. They were ranked based on a formula that considers their total positive U.S. and Canadian franchise growth over the three years as well as factors that negatively affect growth, such as terminations, non-renewals and other closures.

The Joint Chiropractic is the nation's largest network of non-insurance, private pay chiropractic healthcare clinics in the United States. Millions of Americans have found relief from pain due to the benefits of chiropractic's natural, drug-free approach to healthcare.
