## The Joint Chiropractic Establishes Major Scholarship at Northwestern Health Sciences University

BLOOMINGTON, Minn., March 31, 2025 /PRNewswire/ -- Northwestern Health Sciences University (NWHSU), a leading health sciences university, announced the creation of a major endowed scholarship by The Joint Corp., the nation's largest franchisor of chiropractic care through *The Joint Chiropractic*® network.

"Supporting and encouraging the success of future professionals is paramount to The Joint," said Sanjiv Razdan.

"We are grateful for this generous investment in our chiropractic students and in future healthcare leaders," commented Dr. Deb Bushway, president and CEO of NWHSU. "This scholarship will help many students each year and because it's an endowment, will keep on growing and giving year-after-year."

The scholarship will enable NWHSU to recruit and retain qualified students for a degree in chiropractic medicine.

"As stewards of chiropractic, supporting and encouraging the success of future professionals is paramount to The Joint," said Sanjiv Razdan, president and CEO of The Joint Corp. "The profession needs more passionate, committed practitioners, and we are pleased to grow our relationship with NWHSU to support their chiropractic students through this endowment scholarship."

NWHSU is committed to helping students succeed in school and their careers, and

scholarships play a vital role in making this possible. Scholarships help relieve financial stress and demonstrate that there is a community of alumni, friends and companies, like The Joint, who believe our students will be leaders in the future of integrative, whole-person care.

When fully funded, The Joint Chiropractic Scholarship endowment will generate more than \$6,000 per year for scholarships. The first award is expected to be made in the winter of 2026.

In an effort to increase student affordability, scholarships are one of the university's top fundraising priorities. In the last four years, the university has raised more than \$1 million in scholarship gifts.

**Northwestern Health Sciences University** (NWHSU) based in Bloomington, MN, has been a national leader in person-centered healthcare education for over 80 years. NWHSU offers a diverse range of evidence-informed programs including chiropractic, acupuncture, massage therapy, undergraduate health sciences, and more. The University has more than 10,000 graduates throughout the U.S. and in 21 countries.
