About BiomX Inc.

BiomX is a clinical-stage microbiome company developing both natural and engineered phage cocktails designed to target and destroy bacteria that affect the appearance of skin, as well as target bacteria in the treatment of chronic diseases, such as cystic fibrosis, atopic dermatitis, inflammatory bowel disease, primary sclerosing cholangitis, and colorectal

cancer. BiomX discovers and validates proprietary bacterial targets and customizes phage compositions against these targets. For more information, please visit www.BiomX.com
