Citius Pharmaceuticals CEO Myron Holubiak Featured in Benzinga Interview

CRANFORD, N.J., April 22, 2021 /PRNewswire/ -- Citius Pharmaceuticals, Inc. ("Citius" or the "Company") (Nasdaq: CTXR), a specialty pharmaceutical company dedicated to the development and commercialization of critical care products with a focus on anti-infective products in adjunct cancer care, unique prescription products and stem cell therapy, today announced that Citius President and CEO, Myron Holubiak, was featured in an interview with Benzinga discussing the Company's product pipeline, the impact of Covid-19, and upcoming milestones.

The full video interview can be viewed on the Citius corporate website [here](#).

About Citius Pharmaceuticals, Inc.

Citius is a late-stage specialty pharmaceutical company dedicated to the development and commercialization of critical care products, with a focus on anti-infectives in adjunct cancer care, unique prescription products, and stem cell therapy. The Company's lead product candidate, Mino-Lok®, an antibiotic lock solution for the treatment of patients with catheter-related bloodstream infections (CRBSIs), is currently enrolling patients in a Phase III pivotal superiority trial. Mino-Lok® was granted Fast Track designation by the U.S. Food and Drug Administration (FDA). Through its subsidiary, NoveCite, Inc., Citius is developing a novel proprietary stem cell treatment derived from induced pluripotent stem cells (iPSCs) for acute respiratory conditions, with a near-term focus on Acute Respiratory Distress Syndrome (ARDS) associated with COVID-19. This press release and the interview to which it relates may contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such statements are made based on our expectations and beliefs concerning future events impacting Citius. You can identify these statements by the fact that they use words such as "will," "anticipate," "estimate," "expect," "plan," "should," and "may" and other words and terms of similar meaning or use of future dates. Forward-looking statements are based on management's current expectations and are subject to risks and uncertainties that could negatively affect our business, operating results, financial condition and stock price. Factors that could cause actual results to differ materially from those currently anticipated are: our ability to successfully undertake and complete clinical trials and the results from those trials for our product candidates, including Mino-Lok®; our ability to enroll patients in our clinical trials, risks relating to the results of research and development activities; uncertainties relating to preclinical and clinical testing; the early stage of products under development; the impact of Covid-19 on our employees, operations, clinical trials, or product candidates; market and other conditions; risks related to our growth strategy; patent and intellectual property matters; our ability to attract, integrate,

and retain key personnel; government regulation; competition; as well as other risks described in our SEC filings. We expressly disclaim any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein or therein to reflect any change in our expectations or any changes in events, conditions or circumstances on which any such statement is based, except as required by law.
