Energy Recovery, Inc. Announces Date of Earnings Call and Webcast for First Quarter 2010 Financial Results and Second Quarter 2010 Investor Events

SAN LEANDRO, Calif.--(BUSINESS WIRE)-- Energy Recovery, Inc. (Nasdaq:ERII), a leader in the design and development of energy recovery devices for desalination, announced today that it will release its first quarter results for fiscal 2010 on Thursday, May 6, 2010, after the market close. The Company will host a conference call for investors on Thursday, May 6, 2010 at 1:30 p.m. PT.

The toll-free phone number for the call is 1-888-549-7750 or + 1-480-629-9866 and the access code is 4284835. Callers should dial in approximately 15 minutes prior to the scheduled start time. A telephonic replay will be available at 1-800-406-7325 or +1-303-590-3030, access code: 4284835, until Thursday, May 20, 2010. Investors may also access the live call or the replay over the internet at www.streetevents.com and www.energyrecovery.com in the investor relations section. The replay will be available approximately three hours after the live call concludes.

Second Quarter Investor Events

During the second quarter G.G. Pique, President and CEO and/or Tom Willardson, Chief Financial Officer, will speak at the following investment conferences:

May 10 - JMP 9th Annual Research Conference in San Francisco

May 25 - Macquarie Global Infrastructure Conference in New York

June 2 - Credit Suisse 1st Annual Future of Energy Conference in Washington DC

Note that presentation dates are tentative and subject to change after the release of this announcement. Also, please note that additional conferences/events may be added during the quarter. To obtain webcast information and or to verify the date and time of an event, please visit our website at <http://ir.energyrecovery.com/phoenix.zhtml?c=221013&p=irol-presentations>. The webcast replay of the presentation can be accessed at the Energy Recovery Inc. corporate website shortly following the conclusion of the live event.

About Energy Recovery, Inc.

Energy Recovery, Inc. (NASDAQ:ERII) designs and develops energy recovery devices that help make desalination affordable by significantly reducing energy consumption. Energy Recovery technologies include the PX Pressure Exchanger(TM) (PX(TM)) device for desalination and the Turbocharger hydraulic turbine energy recovery device and pump for

desalination, gas and liquid processing applications. In total, Energy Recovery helps reduce CO2 emissions by more than 4.7 million tons per year and produce 1.6 billion gallons of potable water per day. The company is headquartered in the San Francisco Bay Area with offices in Detroit and in key desalination centers worldwide, including Madrid, Shanghai, and the United Arab Emirates.
